# Long Now A Patient In New Orleans Hospital

## Flight To Louisiana Proves Uneventful

### MENTAL EXHAUSTION MUCH IMPROVED—DOCTORS

Long Leaves Galveston

**Louisiana Gov. Earl Long steps from a car at Galveston Airport to board a plane waiting to take him to New Orleans, where he has agreed to continue treatment.**

**New Orleans (AP)—Gov. Earl K. Long of Louisiana flew back to his home state from a Texas mental clinic Wednesday night with firm intention of assuming his duties as governor, apparently from his bed in Ochsner Foundation Hospital.**

Just before he took off from Galveston, Tex., Long nodded when a reporter asked him if he intended taking over the powers of his office once he returned to Louisiana.

"Yes, I will that," he said.

**His statement heightened political tensiou around the state, where politicians have been treading lightly to avoid offending.**

The 63-year-old governor stepped onto Louisiana soil just over two hours after Probate Judge Hugh Gibson freed him from confinement in the psychiatric clinic of John Sealy Hospital at Galveston.

**Wife Makes Request**

Judge Gibson signed the freedom order at the request of Mrs. Long, who had signed the original commitment request.

**A condition of Gov. Long's release was that "tight arrangements" had been made for continued medical care for him in Louisiana.**

The governor, walking as rapidly as he could, ducked into an elevator that immediately shot to the 5th floor where he will be quartered. He carried a cane, but didn't use it.

The Air National Guard plane that carried Gov. Long from Galveston's John Sealy Hospital touched down at New Orleans' Moisant Airport at 7:11 p.m. (CST). The Long party quickly jumped into a black sedan and drove down busy U.S. 61 toward Ochsner.

**Mrs. Long On Plane**

On the plane were Mrs. Long, the governor's wife; his secretary, Mrs. Wilma Lockhart, and Mrs. Margaret Dixon, managing editor of the Baton Rouge, La., Morning Advocate.

Mrs. Dixon said the trip from Galveston was uneventful. She said the governor laid down part of the way. For a time he chatted with his wife. During another period he enjoyed Cajun jokes told him by Dr. Martin O'Miller.

Other passengers were Dr. Roy W. Wright, a lifelong friend, and Dr. William H. Cook, both of Baton Rouge.

**Two-Week Stay Likely**

Mrs. Long issued a brief statement in which she said Gov. Long had agreed to stay at Ochsner Foundation two weeks or longer.

The doctors who came to New Orleans with Gov. Long gave this picture of his health:

**"His heart muscle needs a rest. He stood the trip very well but had a shortness of breath due to the acute virus he has had. The mental exhaustion from which he was suffering is much improved."**

Principal need, they emphasized, is rest.

Added to the rigors of the trip were tensions in Galveston incident to his release.

At one time, as Long's 3 court-appointed attorneys wrangled with attorneys representing Mrs. Long, the governor made a half-hearted attempt to obtain other lawyers.

**Long Delay**

Adrian S. Levy Sr., spokesman for Long's attorneys, said the hours of delay came over two different versions of the court order to be submitted by signature of Probate Judge Hugh Gibson.

"We refused," said Levy, "to sign their version because we considered it included improper provisions."

**One such provision, he said, was a complete release for the Long family of all liability in the transport of the governor to Texas.**

Soon after Gov. Long entered the hospital, Dr. Edward H. Leveroos, director, asked respect for his rights of privacy as a patient.

"Gov. Long's convalescence will depend in large measure on his getting adequate rest and relaxation," Dr. Leveroos said.

## NIGHT RAIN EASES HEAT FOR A WHILE

A light rain knocked the Lincoln mercury down to 70 degrees early Thursday morning after Lincolnites suffered under the state's highest temperature— a scorching 98— Wednesday afternoon.

More of the same hot weather was predicted for Thursday, according to the Weather Bureau.

Lincoln received a half inch of precipitation just before and after midnight Wednesday while Grand Island reported a light thunder shower. Scattered lightning and thunder was reported over most of the state Wednesday night.

Widely scattered rain and thunderstorms were predicted for most of the state except the southeast Thursday.

## Bill Gives Lincoln Access Controls

### . . . Would Aid Getting Road Funds

A bill which would give Lincoln authority to control access to highways was introduced in the Legislature Wednesday afternoon by Lincoln Senators Fern Hubbard Orme and Stan Portsche at the request of the governor.

The bill, LB737, was first requested by Lincoln Mayor B. E. Boyles and the City Council.

Authority to control access to highways now is granted only to the State of Nebraska, but Omaha is seeking similar authority through LB378 which is near final passage.

Sen. Orme noted that unless Lincoln is given authority to control access to highways, the Bureau of Public Roads will not approve federal matching funds for many of the city's upcoming projects, including access along the interstate route into Lincoln.

Sen. Orme noted that in addition to the need for controlled access to the interstate route, Lincoln is now beginning an expensive 11-year street improvement program (federal funds will be involved on some of these projects) and that it was "imperative" that the city be given authority to control access.

Sen. Terry Carpenter of Scottsbluff questioned whether it might not be advisable to extend such authority to other cities over the state, and also said he was interested in learning exactly what Lincoln proposed to do with this power.

After some debate, the Legislature agreed to suspend rules and place the bill directly on the floor without a public hearing, but a meeting of city officials with interested senators will be held at the Capitol Thursday morning to discuss the bill.

**Imminent Construction**

In his message submitted with the bill, Gov. Ralph Brooks noted the "imminent construction of the interstate highway in this area," and the need for the authority extended in the bill.

"This matter is one which demands the attention of this session or I would not ask your permission to introduce it at this late date," the governor wrote.

He said the bill would allow Lincoln to "contribute sound engineering practices to an integrating traffic safety program, provide more economical and efficient avenues of transportation, protect the investment of government in its highway system and extend the useful traffic life of the roadways when constructed."

## Idle State Bank Fund Recall Set

### . . . For Investment

McCook, Neb. (AP) — Gov. Ralph G. Brooks said Wednesday the state will take $5,000,000, now deposited in banks without any interest return and invest the funds in short term government bonds.

The Governor said it is "the only way" Nebraska can earn money on its inactive funds.

Withdrawal of the funds from the banks will start within a week or two, Brooks said, and each Tuesday the state treasurer will purchase an amount of government bonds.

Brooks said such investment of state inactive funds is an innovation in Nebraska.

The Governor had asked the Legislature to approve a bill under which banks would pay three per cent interest on such state funds. But the bill was killd by the Banking Committee.

Brooks said he had talked to many bankers who had declared willingness to pay such interest.

But since it cannot be collected without a new law, the only step to "earn money on our money" is to put the funds in government bonds, Brooks said.

## West Awaits Soviet Reply To Berlin Compromise Plan

Geneva (AP) — Soviet Foreign Minister Andrei Gromyko gave a cool reception Wednesday to the West's last-ditch compromise plan for ending the Berlin crisis. Then, at his request, the West granted him 24 hours to make Moscow's final reply.

U.S. Secretary of State Christian Herter and his fellow Western ministers stood ready to arrange an early summit meeting if Premier Nikita Khrushchev agrees to what they regard as a reasonable compromise.

Their spokesmen disclosed the Western powers declared their readiness to have German personnel operate checkpoints on West Berlin's supply lines. This is a retreat. It is an offer to accept dealings with Communist East German authorities as agents of the Soviet Union. Otherwise the plan would guarantee existing arrangements in West Berlin.

Responsible Western officials said a flat negative reply from Khrushchev would break up the conference and increase the danger of a Berlin explosion.

**Geneva (UPI)—Soviet Foreign Minister Andrei Gromyko rushed into the office building of Secretary of State Christian Herter Wednesday night more grimfaced than usual.**

**U. S. Marines were called out. Security guards scurried, newsmen scented a big break and clustered around.**

**Then everybody relaxed but Gromyko. He had a toothache and was going to a dentist.**

Gromyko took a critical attitude toward the Western plan at a secret Big-Four session. Western informants said Western plan would maintain Gromyko complained that the western plan would maintain the basic form of the U.S, British and French occupation.

Herter, British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville, trying to stave off collapse of the conference, agreed to meet Thursday afternoon in Gromyko's villa rose to hear Khrushchev's decision.

## High Winds Rip Miami; Injuries, Damage High

Miami, Fla. (AP) — Hundreds were reported injured or homeless Wednesday in the wake of furious funnel-shaped winds that smashed through Miami.

All law enforcement officers were called to duty. Police received orders to shoot looters on sight.

More than 50 buildings were reported badly damaged in the 79th St. area. area. Many had smashed fronts and some roofs were blown away. Automobiles were turned upside down and power poles snapped.

Police Sgt. Ralph Hinson said at least 20 persons were hospitalized from within an area of about a block. A boat was blown from its storage place in a yard and a trailer was moved a block and a half.

One automobile was reported blown into Biscayne Bay. Trees were torn from the ground and signs blown away.

Florida Power & Light Co. mobilized all units to work on fallen wires. Power to several areas was cut off.

**Downtown Skirted**

The storm apparently touched down first in the Coconut Grove area south of downtown Miami. Then it swung northwest, skirting the downtown business section.

As it headed toward Biscayne Bay the funnel-shaped mass hit down near 50th St. and Biscayne Blvd., main artery toward the north from downtown Miami.

Meteorologist Leonard Pardue of the Miami Weather Bureau said he would not be sure if the storm was a tornado until an inspection of the path and damage was made.

## Whites Held In Rape Of NegroWoman

Benton, Ark. (UPI)—Two white men were held without bail Wednesday after being charged with the rape of a 21-year-old Negro woman.

Prosecutor Lawson E. Glover said he would try to keep the men, Ben Sanders, 26, and Bobby Burnett, 21, in jail without bond until their trial. Both live near Little Rock.

Glover said both men admitted raping the woman after they offered her a ride on a highway near here Sunday afternoon.

## Florida Governor Vetoes Ad Bill For Segregation

Tallahassee, Fla. (UPI)—Gov. Leroy Collins Wednesday vetoed as "a waste of the taxpayers' money" a bill appropriating $500,000 toward a publicity campaign to sell the North on segregation.

Collins said in his opinion the proposal would only create more misunderstanding of the South's segregated way of life.

State Rep. W. H. Reedy, author of the proposal, was furious. He said he will continue his fight to get the plan approved by other Southern states.

## Plastic Bag Ban 'Up To Congress'

Washington (UPI) — Rep. Charles E. Bennett (D-Fla.) said Wednesday it appeared to be up to Congress to ban or control the use of plastic dry cleaning bags that had caused the death of 61 children so far this year.

## Brandt Promises Free West Berlin

★ ★ ★

Berlin (AP)—Seventy thousand West Berliners gathered in front of their city hall Wednesday night and heard Mayor Willy Brandt declare: "Berlin will remain free!"

Brandt said that even though disappointing, halfway measures might be agreed on at the Geneva foreign ministers conference, the Western allies will never allow themselves to be forced out of Berlin.

## 'Thank You,' Liberace Beams

LIBERACE

London (AP) — Liberace winked for the ladies, praised British justice and drew new cheers Wednesday night in his second public triumph of the day.

The pianist donned midnight blue trousers and a glittering jacket for a performance at the Cheswick Empire Theater a few hours after winning his libel suit against a London newspaper.

He had accused the newspaper of branding him a homosexual. A high court jury decided he had been wronged and awarded him $22,400.

On the theater stage, the beaming Liberace bowed his head modestly as cheers and applause rolled up from the packed house.

**"Thank you, thank you," he said.**

After about a minute the applause died down and Liberace addressed the audience:

**"Ladies and gentlemen," he said, "you make me very happy."**

His piano act was applauded all the way.

"Let's see you wink," shouted one excited lady.

Liberace broke off playing "Let Me Call You Sweetheart" and closed his left eye. A roar of laughter followed.

"It's all right to laugh now," Liberace told the audience, "but that wink got me into a lot of trouble."

## Senate OKs Wheat Bill Despite Ike's Criticism

Washington (UPI) — The Senate approved a compromise "stop-gap" what bill early Thursday designed to cut surpluses by lowering planting allotments and boosting price supports.

The action came by voice vote during a late night session. The Senate then adjourned after midnight.

The bill now goes to the House. It is expected to run into a presidential veto when it gets to the White House.

Senate Agriculture Committee Chairman Allen J. Ellender (D-La.) told the Senate the bill would prevent 250 to 300 million bushels of wheat from going into surplus next year.

But Sen. George Aiken (R-Vt.) a committee member, replied that it would set off a price spiral at a time when other countries are increasing production and lowering prices.

Aiken also said the bill unfairly singles out wheat from other crops by applying a $35,000 limitation on support payments to any individual farmer.

The bill was designed to cut the 1.3 billion-bushel wheat surplus by giving farmers a 5% increase in government price supports in return for a 20% reduction in plantings.

Its approval came shortly after Eisenhower made clear at a news conference that the measure was unsatisfactory.

He said he still was opposed to raising price supports because "It's not good for the farming industry or the country."

Eisenhower, who has sent 7 messages to Congress demanding action to cut the wheat surplus, had asked the lawmakers to reduce wheat price supports sharply.

Both Senate and House refused to do this and passed differing measure. The compromise measure was then drawn up.

## Kansas City Star Typographers Strike Vote Today

Kansas City (AP) — A strike vote will be taken at 5 p.m. Thursday by typographical employes of the Kansas City Star, a union official said Wednesday night.

William Ratchford, secretary-treasurer of Local 80, International Typographical Union, said union officials decided on the strike vote after discussing an offer received today from the Star.

Negotiations broke off Wednesday night.

Details of the offer and the demands of the union have not been disclosed.

# 2 Guns Useless On Attacked Navy Plane

## CONGRESS MEMBERS OUTRAGED

**Washington (AP) — A Navy patrol plane attacked by Communist MIG's couldn't shoot back because two gun turrets had been disarmed and a communication foulup blocked a fire order to the tail gunner.**

This was the gist of a report Wednesday on a hurry-up investigation made by the Navy on orders of President Eisenhower and spurred by outraged cries from Congress.

The Navy said the Patrol plane's top and forward turrets, mounting pairs of 20 mm. guns, had been "deliberately rendered inoperable" when the craft was converted from antisubmarine tasks to reconnaissance duty.

**Both Talked At Once**

The preliminary report also said that when the Red jets opened their assault over the Sea of Japan on Monday, the pilot and tail gunner tried to talk to each other at the same time, momentarily blocking each other out on the plane's intercom system. By the time contact was restored, the rear turret had been knocked out, the Navy said.

What touched things off were statements by the plane's crewmen in Japan that they couldn't fire two machineguns at the attacking Red jets because of missing parts.

**The plane's pilot, Lt. Cmdr. Donald R. Mayer, said that because of bad communications he couldn't get his fire order through until the tail gunner had been wounded and his weapon disabled by the two or 3 MIG fighters which struck over the sea off North Korea.**

Several hours after the crewmen spoke out, Eisenhower expressed great concern. He told his news conference he had asked the Navy to get a complete report.

Back came information which the Pentagon then made public.

## Patton Day June 20-21

Frankfurt, Germany (UPI) —Maj. George S. Patton III, son of the late Gen. George S. Patton Jr., will represent his family at Patton Remembrance day in Ettelbruck, Luxembourg, June 20-21. Maj. Patton is stationed at Heidelberg, Germany, an aide de camp to Gen. Clyde D. Addleman, commander-in-chief, U.S. Army, Europe. He will participate in wreath-laying ceremonies at the Patton memorial, which was erected in 1954 by Luxembourg as a symbol of gratitude for liberation during World War II.

## Teenagers Said Seen In Wyoming

### Depot Agent Thinks 4 There Monday

Lincoln Star Special

Wahoo, Neb.—A call from Wyoming late Wednesday afternoon to the Saunders County sheriff's office in Wahoo disclosed that the 4 missing Saunders County teenagers were believed seen at Veteran, Wyo., Monday.

The youths, missing from their homes since Sunday night, have been identified as Larry Barry, 16, of Malmo, Larry Rohwer, 19, of Colon, Mary Lou Springgate, 15, and Donna Michel, both of Cedar Bluffs.

**Spotting the teenagers was the depot agent at Veteran, who said he knew the Rohwer youth from previous visits Larry made at Veteran while his brother-in-law and sister, Mr. and Mrs. Everett Schuler, resided there.**

However, at the present time Schuler is working in Denver and his wife and daughter are at the home of her parents, Mr. and Mrs. Harry Rohwer near Colon.

The Veteran depot agent notified his county sheriff in Wyoming of seeing the 4 youths and the Wyoming officer in turn called the Saunders County sheriff. Veteran is located near Torrington.

The youths, when last seen Sunday night at Cedar Bluffs, were traveling in young Rohwer's car, a steel blue-gray 1954 Ford bearing the license number 6-5562. The car is registered in the names of both Rohwer and his father.

**Meanwhile, officers made a thorough search of sandpits, lake shores and ravines in the Wahoo and Fremont vicinities for some trace of the missing youths.**

Another report received at the Saunders County sheriff's office was that the youths were believed seen Monday morning at Guthrie, Ia. However, the man spotting them said he did not see the license number, only the "6".

### Decision Delayed

Tallahassee, Fla. (AP) —The Florida Pardon Board Wednesday put off for 30 days a decision on whether a 19-year-old Negro youth must die in the electric chair for raping an elderly white woman.

He was captured minutes later when wounded by a blast from a policeman's shotgun as he fled through an orange grove at the rear of the victim's house.

## $885,000 Grant OKd For Omaha Airport—Storz

Omaha (AP) — Chairman Arthur Storz of the Omaha Airport Authority said Wednesday Omaha will receive an $885,000 federal grant for the new airport terminal. This means that Omaha can now move forward on airport expansion plans, he said.

The Authority had asked the federal government for $970,000 toward the $1,940,000 project. Airport Manager Richard Mooney said although the request was trimmed $85,000 the project still can be built.

The $1,940,000 package includes a new terminal, auto parking, utilities and aircraft parking utilities.

Under the grant the authority will have to put up $1,055,000 of the cost.

Monney said in the federal fiscal year which begins July 1, Omaha hopes to get federal funds to finance half of an additional $66,000 project. This includes ramps, lights, drainage and other facilities to tie in with the terminal development.

## Callas Acclaimed At London Opera

London (AP) — A glittering audience Wednesday night thundered its acclaim for Maria Callas singing the exacting title role in the opera Medea.

The New York-born soprano received an ovation rarely heard at the Royal Opera House.

Miss Callas was called back again and again as the audience stamped its feet and shouted bravos.

A group of Texans who had flown here especially for the opera got seats even though they learned on arrival that none had been reserved for them as they hoped.

## Non-Profit Clubs May Start State Federation

Representatives of several non-profit clubs in Nebraska met Wednesday evening to discuss the possibility of forming a state wide federation of such clubs.

Members of the American Legion, Veterans of Foreign Wars, Eagles and Elks were present at the meeting at the Legion Club in Lincoln.

Loren Cottrell, commander of the Lincoln American Legion Post No. 3, said that the suggested federation "might have something to do" with the proposed crackdown on the state's bottle clubs.

**Carpenter's Charges**

State Sen. Terry Carpenter has charged that some of Nebraska's non-profit clubs are dispensing liquor illegally. A bill (LB 23) introduced by the Scottsbluff senator to license such "bottle clubs" was vetoed by Gov. Ralph Brooks.

Cottrell said that "nothing had definitely been decided" about the federation, but the purpose of such an organization would be "to serve Nebraska's non-profit clubs."

"Each of the representatives at Wednesday's meeting will have to take the proposal back to their own organizations for approval," Cottrell said.

Another meeting on the proposal will be held "around Sept. 1" according to Cottrell.

## BINGO— IT'S NOW LEGAL

Bingo became legal in Nebraska at 5:29 p.m., Wednesday.

Gov. Ralph Brooks signed LB719, the bingo bill, in McCook at that moment.

The governor then named State Agriculture Director Pearle Finigan as supervisor of the law, thus delegating the responsibility placed in his office by the Legislature.

Application forms for operation of bingo games are ready and applicants should write to Finigan for the forms, Brooks said.

**$10 Fee**

A fee of $10 must also be filed with the agriculture director.

Upon investigation of applications by Finigan, licenses to operate will then be issued.

Thus, in many instances, Nebraskans will be playing bingo—legally—before the end of June.

**Other Bills**

Among other measures signed by Brooks at a press conference in his home town:

—**LB694,** under which all holders of a driver's license give implied consent to blood tests for alcohol if arrested on a traffic charge.

—**LB281,** transferring the School for the Blind from the Board of Control to the State Department of Education.

—**LB428,** which places the job of advertising the state for tourists with the State Game Commission instead of the Division of Resources.

Brooks informed The Star of his action by telephone.

The governor will return to Lincoln Friday, following an appearance in North Platte.

## Storm Beulah Losing Punch

Brownsville, Tex. (UPI)— Tropical storm Beulah, losing power by the hour, moved over the Mexican coast Wednesday night, some 210 miles south of Brownsville.

The New Orleans bureau said the storm had weakened and shifted a little south during the past 6 hours.

## Trudeau Elects Dr. John Clothier

Dr. John G. Clothier of Lincoln is the new president of the Nebraska Trudeau society. Dr. Clothier was named at the organization's 9th annual convention at the Cornhusker Hotel Wednesday.

Other officers are: Vice president, Dr. Dan Nye of Kearney; Secretary-treasurer, Dr. Samuel F. Moessner of Lincoln.

The group also heard Dr. Donald L. Paulson of Dallas, Texas, professor of surgery at the University of Texas medical school, talk on proper surgical technique in the treatment of chest diseases.

## Irish Go To Polls

Dublin (UPI) — The second presidential election in Ireland's turbulent history went off quietly Wednesday, with 77-year-old Brooklyn-born Premier Eamon de Valera a heavy favorite to win.

## Vet Found Tied To Bed; Accuses Wife, 3 Others

Meridian, Miss. (UPI)—Officers investigating frantic screams coming from an abandoned shack Wednesday found a disabled war veteran chained to a bed. He said he had been there a week.

The veteran, Harold May Jr., 32, of Newton, Miss., was rushed to a hospital where docters said his condition was critical. He told officers his wife and 3 other persons chained him to the bed, beat him with a chain and forced him to endorse his government disability checks.

May's wife and the other 3 were arrested.

## Tuberculosis Assn. Opens Meet Here

The Nebraska Tuberculosis Assn. Wednesday heard a panel discussion on public health as its 52nd annual convention got under way at the Cornhusker Hotel.

The convention also heard Dr. George W. Rosenlof, dean of admissions at the University of Nebraska discuss the university's public health functions.

Thursday, the meeting will hear another panel on motivation. Speaker at a noon meeting of the group will be Dr. Donald Paulson, professor of surgery at the University of Texas medical school, who will talk on "The Challenge of Respiratory Diseases."

The noon meeting is open to the public. Election of association officers for the coming year will follow in an afternoon session.

### It's A Hovercraft

London (UPI)—The British government claims that its new flying saucer—called the Hovercraft—is not an aircraft. John Rodgers, parliamentary secretary to the Board of Trade, told the House of Commons that the hovercraft "is a vehicle for sea or land transport rather than an aircraft."

## House Nixes Cut-Backs In Military Aid Abroad

Washington (UPI)—The House Wednesday rejected a series of attempts—one by only a two-vote margin—to slash the military assistance portion of the $3.6 billion foreign aid bill.

The closest vote came on a proposal by Rep. Alvin M. Bentley (R-Mich.) to chop $140 million off the $1.4 billion provided in the house bill for arms aid. It was defeated 103-101.

Also rejected was an attempt to prohibit aid to Nationalist China unless Generalissimo Chiang KaiShek reduced his armed forces from 600,000 to 200,000.

The actions came as the House completed its third day of debate on the aid bill, which its Foregin Affairs Committee already had cut by about $267 million from the $3.9 billion President Eisenhower was seeking. A final vote was expected Wednesday.

In arguing for a further cut in military aid, Bently said America's allies should buy more arms rather than getting them free.

He said many of the nations the US is helping are "fiercely" competing with it in world trade.

# Starkweather Attorneys See June Court Ruling

By Don Walton

Convicted killer Charles Starkweather's new attorneys expect a decision by the U.S. Supreme Court this month on their petition for a writ of certiorari asking the high court to review the redhead's case.

The brief was filed with the tribunal Wednesday.

Filing automatically continued Starkweather's stay of execution pending action on the petition.

"Due to the publicity and all, a decision is quite likely in June," attorney James J. Laughlin of Washington, D.C., told The Star by telephone.

**Full Court Session**

The full court has a session scheduled next Monday.

Another meeting may be held June 29 prior to the summer recess, Laughlin said.

The petition dwells on 3 major points, the attorney said, none of which was the anticipated contention that Starkweather suffers from a mental ailment.

Laughlin's 3 major contentions, he said, are:

—Starkweather's petition for a write of habeas corpus filed with U.S. District Court Judge Robert Van Pelt of Lincoln and subsequent appeal of its denial to the U.S. Circuit Court of Appeals "entitled him to a hearing."

"It should not have been turned down without a hearing," Laughlin contended.

(A 3-member panel of U.S. Circuit Court judges denied Starkweather's appeal from the denial of a writ of habeas corpus after hearing arguments from 3 court-appointed attorneys.)

—The redhead had "ineffective assistance of counsel" in his Lancaster County District Court murder trial.

"His attorneys (William Matschullat and T. Clement Gaughan) were paid $8,000 by the state of Nebraska to represent him," Laughlin said. "But, when it came time to appeal to the U.S. Supreme Court, they said they had no more money to take the case to a higher court."

**Change of Venue**

—Starkweather's attorneys "should have made a motion for a change of venue" in the case.

"Feeling was so pronounced," Laughlin said, "that there should have been a long continuance."

Further, the attorney said, "while the state did not introduce testimony concerning murders other than the one with which he was charged, his own attorneys did, thus inflaming the jury."

(Starkweather was charged with the slaying of Bennet teenager Robert Jensen. He has admitted involvement in 10 other killings.)

**October Next Chance**

If the court does not act on the petition this month, the redhead's stay of execution will automatically be continued until October at the earliest, Laughlin said.

If the petition is denied, he noted, "we'll take other steps in state courts."

The brief was filed by Laughlin and his law partner, Albert J. Ahern Jr.

"This case involves a mentally-deficient, indigent accused who proceeded to trial with court-appointed counsel in the face of continuous and inflammatory publicity about a series of atrocious crimes in which he was involved," the petition stated.

**Denied Due Precess**

". . . we feel the record fully establishes that once embarked on the trial he was denied due process of law in that the right of effective assistance of counsel was infringed preparatory to the trial.

". . . during the trial the inflammatory evidence which was admitted concerning the 10 homicides for which he was not on trial precluded an impartial consideration of the one murder charge then on trial."

In a separate memorandum, Laughlin said he was handling the case without charge and that Starkweather was without funds.

—GENEVA CONFERENCE—

# Ike Still Asking Some Progress

*. . . But It Need Not Be On Berlin Crisis*

Washington (AP)—President Eisenhower seemingly shifted diplomatic stance a bit Wednesday and omitted progress toward solving the Berlin crisis as an essential prelude to a summit conference.

That appeared to open up the possibility of face to face negotiations with Soviet Premier Nikita Khrushchev on such other issues as disarmament and halting nuclear tests.

But the White House insisted there has been "no change of policy, no retreat," no appeasement of Russia. Press Secretary James C. Hagerty said of the President: "He won't go to any summit conference under any threat regarding Berlin."

In any event, Eisenhower saw prospects for such a conference as no brighter than they were two weeks ago.

Of the foreign ministers conference in Geneva, he said, "There seems to be, if not an impasse, an unreadiness to discuss things that could be classed as giving us possibilities for fruitful negotiations at the summit . . ."

The President rejected any idea that he and other Western leaders should rush into conference with Khrushchev "every 30 days or so" to try to settle problems which their foreign ministers have been unable to resolve.

## BRIGITTE MARRIES CHARRIER

Saint Tropez, France (UPI)—Brigitte Bardot and young French matinee idol Jacques Charrier were married June 5, the actress' mother disclosed Wednesday night.

Brigitte

"It is quite true, they are married," said Mrs. Bardot, a strikingly beautiful woman.

Brigitte met the rising French movie star when they made the film "Babette Goes to War." Both are 23.

Charrier has been the favorite companion of France's "sex kitten" ever since she broke her engagement to French jazz guitarist Sacha Distel early this year.

## Cooperation Praised In 1st Minority Housing Survey

Interviewers conducting Lincoln's first Minority Group Housing Survey found interviewees "very cooperative," according to James L. McCartney, project director.

McCartney said that the 3 interviewers talked to about 50 Lincoln families Wednesday. Only one or two persons refused to complete the survey questionnaire, he said.

The survey, which is being made for the Mayor's Council on Human Relations and financed by a grant from the Lincoln Foundation, is expected to last until late July. About 1,000 non-white Lincoln families are to be contacted, with results of the survey to be given to the Mayor's Council about Sept. 1.

Interviewers conducting the survey are Paul Kang of 1423 P, Mrs. Sue Bailey of 1800 So. 22nd, Mrs. Ann Steiner of 4818 Bancroft and Mrs. James Cox of 2026 S.

## Nigeria Seeks Aid

Lagos, Nigeria (UPI)—Eastern Nigerian Premier Nnamdi Azikiwe left by ship to seek financial aid and teachers in the United States and Britain. He said he would seek funds for a university in Nigeria and also hoped to hire university and secondary school teachers.

## Find Victim's Swim Fin

San Diego, Calif. (AP)—Hunters tried to lure a man-eating shark with blood bait Wednesday. As the hunt got under way, a blue swim fin was identified as one worn by Robert L. Pamperin, 33, when he was attacked and presumably devoured off the popular swimming beach at La Jolla Cove Sunday.

# Street Question A Big One

By WILLIAM O. DOBLER

It is no small question facing the City Council in connection with the improvement of streets in the city. The question involves the relative merits and cost of two proposals. Councilman Chauncey W. D. Kinsey is strong in his support of the widening and resurfacing of O. He favors this over a start of the Northeast Diagonal.

Neither of the projects can be done for the figures being talked about at the present time nor has the Council taken a very realistic view of other things. From 27th to 48th, O would be widened and resurfaced at what is being estimated at $1,250,000. This estimate, however, is several years old and should probably be a lot closer to $1.5 million. It is getting to be a rule of thumb on street projects that they always end up costing a good deal more than had been originally anticipated. In comparison, the Northeast Diagonal would cost, as now estimated, some $5 million to $6 million.

**The Cost Goes Up**

**This estimate, however, is also a little moth-eaten with age and it fails to deal with later and more extensive diagonal plans. The original diagonal plan for northeast was to run the arterial straight out 16th and 17th on a one-way arrangement, merging into a single or divided arterial at the Holdrege St. viaduct over the Rock Island tracks.**

However, this does not conform with desires of the University of Nebraska which is interested in acquiring the area between 17th and 18th from R to Vine. Even without this land interest, the university would like to discourage development of 16th and 17th for the sake of improved campus atmosphere and convenience.

★

To accommodate this interest, the City Planning Commission has devised a plan for the Northeast Diagonal which takes it more or less northeast from 17th and R to the east side of the Rock Island tracks at about 19th. From that point, it would run parallel to the track north to a point just east of the present Holdrege viaduct at the end of 17th.

**Here, there would be a major interchange with a cutoff running north and west into 14th at a point directly west of the State Fair grounds and the diagonal heading on northeast. Another interchange here would provide access to the fair grounds and tie 14th into the Cornhusker and Interstate Highways. All of this, then, would permit the closing of 16th, 17th and 14th through the entire university area.**

★

Obviously, this is an ambitious program and would take a few more than the $5 million currently talked about for the diagonal. But, it is estimated that such a facility would be used immediately to the extent of some 25,000 vehicles daily. The city would thus be buying a lot of service. The Southeast Diagonal, Capitol Parkway, now accommodates 14,000 cars a day.

**This compares with a variety on O, according to the latest state traffic counts, ranging from 19,900 cars per day in the area of 20th; 16,400 at 27th; 12,400 at 33rd; and 14,400 at 48th. Thus, O is carrying more than the 10,000 cars mentioned by Kinsey. Also involved is the fact that the Northeast Diagonal would further the long-range plan for a peripheral street system around the downtown area.**

Rather than bring cars into the middle of the downtown area, as O would do, the diagonal would bring them into the corner where they could be dispersed on a network surrounding the central core. A mall, incidentally, is a perfect climax to this plan. Another thought lies in the fact that there are business interests which want Cornhusker Highway developed ahead of and, if possible, in place of the diagonal. These interests would naturally favor the improvement of O over the diagnonal. And there is the final thought of some $500,000 available in 1959-60 for street work which has not yet been earmarked for anything.

**Mall Would Fit In**

This is an addition to the $200,000 for regular resurfacing and $375,000 for the K and L project into Capitol Parkway. The Council will have to apply this money some place but as all these circumstances show, the decision will not be an easy one. But it is hoped the decision is made with some thought in mind of where future money will be spent.

# Clouding The Issue

Supporters of the confirmation of Lewis M. Strauss as Secretary of Commerce are engineering one of the most formidable snow jobs in recent political history. It may be sufficient to win confirmation. It has at least succeeded in bemusing much of the public over what are the real questions involved.

Opponents of Strauss have been accused of anti-Semitism. The admiral's willfulness has been dismissed as a minor characteristic, virtually obliterated by his great and good works. The Senate's resistance to him has been narrowed down to a matter of the ugly and vengeful disposition of one senator —Clinton Anderson.

The anti-Semitism is an ugly charge and is unconvincing. The long record contains positive evidence to the contrary. Mr. Strauss has held a variety of public service positions under both parties and over a long span of years. Unlike Admiral Rickover, whom the Navy attempted to pass over for promotion, and several Jewish scientists who Mr. Strauss, himself, bundled out of public service, Strauss received the highest award Congress can give to a noncombatant and at the same time parlayed a desk job into an admiralcy without visible anti-Semitic resistance.

The real issue rests in other areas. One is the question of whether his rule or ruin attitude is a wholesome one in terms of public service. Another is his unconcealed partisanship. A third admits his achievements but calls for a qualitative examination of them.

To be weighed are:

His position as chairman of the Atomic Energy Commission during the interest conflicting Dixon Yates matter.

His purging of Dr. Oppenheimer, father of the A bomb, against whom no case could be made as a real security risk.

His determination to continue nuclear tests despite honest questions of the mounting fallout danger.

These were all achievements. But there are many who question whether they were wholesome achievements.

# Stop This Chipping Away

The Wall Street Journal has a complaint against the Democratic Advisory Council which is annoyed at President Eisenhower. The council recently asserted that the President is using the veto threat as a war club "against one constructive and necessary measure after another."

To which the Wall Street Journal replied with the question," What is wrong or at least naughty about a President's use of his veto power . . . We always thought the veto was one of those checks the founders skillfully devised to give the U.S. a balanced government."

Broadly speaking The Journal is on unassailable ground. And broadly speaking the Democratic Advisory Council is following an old political custom in finding something to complain about in the instance of a president of the other party.

Certainly every president is handed the veto weapon upon taking office just as the government's executive responsibilities are vested in him. It is also assumed that he sincerely believes in his party's philosophy of government and may speak out against or veto measures which he deems detrimental. That's why he is there. The advisory council has a political right to differ with a president of the other party. But in this case it would have been more public serving had it generated a criticism on some other subject.

Of late it has seemed fashionable to direct complaints against historic American principles. The Supreme Court is getting a sustained drubbing from some quarters for being what the Constitution says it should be. The Congress in times recently past has made serious invasions against civil rights as evidenced by the McCarthy hearings.

These cherished principles are of the essence of our way of life and their stature is not increased by this persistent chipping away. It is a form of unwitting subversion and should cease.

# Economist Hits Bull's-Eye

It has been a long time since an economist in Lincoln has struck such a responsive note as was done by A. W. Zelomek at a luncheon this week. If what the noted economist, author and professor at the University of Virginia Graduate School of Business Administration, said proves to be true, the Democrats should make a clean sweep of things in 1960.

His remarks were not predicated on any political prejudice but the GOP defeat is a logical conclusion from them. The conclusion is reached in this manner. The Republicans are making a lot of noise about the state of the economy and the "budget-busting" Democratic-controlled Congress. The GOP is attempting to make a case on the fact that the Demos are spenders while the Republicans are not. If Mr. Zelomek is right, and we suspect he is, this is just the kind of talk that will elect Democrats.

The point Mr. Zelomek made is that the general public is not worried today about spending. He expressed no concern for a growing installment debt and stated that inflation was an overrated bugaboo. The nation is not experiencing so much inflation, he said, as it is an improved standard of living. In other words, people are buying more and better goods and services today than they were five or 10 years ago.

The refrigerator today may cost a little more than it used to but it also defrosts by itself, contains a large deep-freeze unit, comes in a multiplicity of colors and even has a perpetual supply of ice cubes. People may talk of having less money today but it is generally a myth as they are merely spending more on a greater variety of things. And they are spending freely because they have no fears of our economic system.

They believe we have a system which never again will experience general hunger, hardship and joblessness. Thus they aren't buying any scare notions about the dangerous state of our economy and its pending collapse. This doesn't mean that all fiscal responsibility and common-sense restraint are thrown out the window but it does mean, as Mr. Zelomek pegged it, that the American people are more interested in their cash assets.

## Money And Power Rally To Strauss

WASHINGTON —Recollection of Washington headlines exactly one year ago this week makes me a little ashamed. The headlines blazed with news of Sherman Adams' vicuna coat, his oriental rug, and his hotel bills—all presents from Bernard Goldfine.

In the case of Sherman Adams, they yelled: "Resign! Throw him out!" In the case of Admiral Strauss, the same Republicans have been shouting: "Confirm! This is anti-semitism! Don't persecute this man!"

**Contrast No. 1**—A Jew was also involved in the Sherman Adams case, but a Russian Jew recently come to the USA. When he was severely criticized, no one yelled "anti-semitism." When the House of Representatives voted to cite him for contempt, only eight Republicans voted for him.

Admiral Strauss, also Jewish, comes from an old German Jewish family, resident in this country for many years and which has been part of one of the biggest firms on Wall Street. When his record was scrutinized by the Senate in connection with deception affecting millions of people, such as radioactive poison, the scrutiny was called anti-Semitic.

**Contrast No. 2** —Sherman Adams is not a man of wealth. When his scalp was demanded by leading Republicans, he had no job to fall back on, and no income outside his government salary. He still has no job, is living off income from the Adams memoirs.

Strauss, a partner in Kuhn, Loeb, filed a partial financial statement with the Senate showing that his stock in one firm, Polaroid Camera, alone was worth $1,000,000. He has a palatial estate in Virginia and was able to pay $50,000 for only a part interest in a Black Angus bull.

**Contrast No. 3** — When Sherman Adams was about to testify before Congress, not one member of the administration helped him prepare his difficult statement. Jim Hagerty, an expert at public relations, did not.

In contrast, Strauss had the regular press relations officer of the Department of Commerce issuing press statements all during his hearings. He also had two Commerce Department assistants, Robert J. Dodd and Arthur Arundel, sitting at his elbow every day at the Senate hearing, with a battery of researchers and others helping him at the commerce department.

**Contrast No. 4**—When Sherman Adams was in trouble, Vice President Nixon was one of the first to advise privately that he resign. But for Strauss, Nixon has been using his persuasive influence for confirmation.

## Fortune Favors Gov. Rockefeller

WASHINGTON — The decision of the Eisenhower administration to press a taunting attack upon the Democratic Congress means that the 35 Democratic-held statehouses will get a fresh look from Democratic party politicians.

It is equally possible that a really bruising fight between the two ends of Pennsylvania Avenue will have a similarly helpful effect upon the most conspicuous Republican operating from the privileged sanctuary of a state capitol, Nelson Rockefeller of New York. Rockefeller can remain aloof from the present running battle here, as can his many Democratic opposite numbers.

**This is not quite the "agonizing reappraisal" it might seem at first glance. The Rockefeller candidacy is an accepted fact now, subject only to the chance that Vice-President Richard Nixon might one day soon be president and enjoy the massive advantage of incumbency.**

☆ ☆ ☆

The annual governors' conference, which this year takes place in early August in Puerto Rico, had already been put down as a likely spot for soundings on how the country was reacting to the Washington readings for 1960. The fact that so many, particularly Democrats, were resorting to favorite-son strategems already worries the ambitious men in Washington.

An individual senator, already handicapped by having to act as a Senate man as well as a candidate for president, is very nearly helpless to alter the pattern being developed now by the President, National Chairman Thurston Morton and Republican congressional leaders. He remains only one of 98 men, and even the gifted majority leader, Senator Lyndon Johnson, is subject to that limitation in areas outside the Senate itself.

Moreover, in fulfilling his leadership obligations, Johnson will be in much the same position which proved fatal to the ambitions of the late Senator Robert Taft. He will necessarily become more partisan and more controversial, a situation he has worked feverishly to avoid.

☆ ☆ ☆

**In 1948, with President Truman well launched upon his campaign against the "80-worst" Congress, Speaker Sam Rayburn sarcastically called attention to the fact that Republicans had turned to men who were leading "sheltered lives," remote from the battlefront. This was the ticket of the governor of New York, Thomas Dewey, and the governor of California, Earl Warren.**

Now the shoe may be on the other foot. A ticket of governors might even repeat the 1948 defeat of Dewey and Warren. Yet the record shows that conventions are reluctant to nominate men bearing the bleeding scars of too recent political combat.

The 86th Congress has not completed its work and Senator Johnson is resourceful. The President's swing is notoriously better than his follow-through. Nonetheless, the governors — and Adlai Stevenson — are more than normally interested bystanders of the threatened White House-congressional conflict.

MAN'S BEST FRIEND

# The Life Of A Hotel Dog

By BILL ANDERSON
Star Staff Writer

BRIGANCE—LACHIEN D'HOTEL
. . . like a dachshund walking downhill . . .

Brigance loves the warm summer months, although Nebraska's sometimes sweltering heat penetrates his lush and furry coat and starts his tongue panting in exasperation.

Being a respectable hotel dog in Lincoln's downtown area, Brigance is hampered by geography as well as city license laws. He has no back yard to play in and naturally cannot run in the streets.

**In the winter, he lies in the lobby of the Sam Lawrence hotel like a young boy longing for the day school lets out so he can catch up outdoors on the time he was forced to spend inside.**

Mrs. Sam Lawrence, owner of the two-year-old Dandie Dinmont—(Brigance is known as a Dandie Dinmont, a name given to a top-knotted terrier of Scottish descent)—helps him through his winter ordeal by taking him for walks 2 or 3 times a day. But walking is not Brigance's real love.

☆ ☆ ☆

Brigance is a hunter. The breed is known as a fearless tracker and catcher of vermin and fine-furred animals, such as otters. So in the summer, Mrs. Lawrence takes him out to the open field where he can dig and hunt until his massive front paws grow tired.

**Mrs. Lawrence says he would dig for 48 hours if on the scent of live game. His front legs are short and stocky and his back legs, long and slender. When he walks, he looks like a dachshund walking downhill.**

The Dandie Dinmont originated in 1776 in Scotland. The name originated from a character in Scott's novel—"Guy Mannering" — named Dandie Dinmont, who owned six of the breed.

☆ ☆ ☆

Brigance is a favorite of hotel guests. He has a special greeting for many of his friends, but reserves his most cordial welcome for a buddy named Sam.

When Sam comes to the hotel, usually without Brigance's knowledge (the dog sleeps in a tiny room provided by Mrs. Lawrence) Brigance knows it.

**Brigance finds Sam by instinct. The dog will walk up the steps and roam the halls until he scents his friend. After finding Sam's room, Brigance lies by the door and whines softly until Sam comes and lets him in.**

The silver-gray terrier never forgets a face, friend or foe. Although loved by most of the hotel's guests, there is one person in particular Brigance dislikes.

A man came into the hotel one day to check the meter in the basement, where Brigance was resting. The dog walked up to him inquisitively and was greeted with a slap in the face by the man's gloves.

Brigance shrugged the first attack off as most tolerant dogs do, but not the second one. A while later, the man came again and this time he struck the dog with his flashlight. Brigance suffered a severe cut over one eye and now the service man cannot enter the hotel unless Brigance is in his bedroom. The dog, with vivid recollection of the attack in his mind, remembers him and will bite the man if given a chance.

☆ ☆ ☆

**Brigance has many friends among younger guests. One little girl, still a toddler, often wobbles around the lobby with her hands braced on his back.**

Brigance — whose official name is Ch. Overhill Brigance—takes it all in stride. He is fast becoming a well known fixture at the hotel and, while most dogs are content with the love of a family and their friends, he finds himself patted on the head by hundreds of admiring hands. He loves the attention.

# The FCC's 'Equal Time' Decision

NEW YORK — The spectre of what sort of press we'd have in America if the newspapers were under the domination of the organization which besets radio and TV—the Federal Communications Commission—can readily be pictured from FCC's latest decree.

In one of the more asinine verdicts of our times, FCC has upheld the right of any political crackpot or dangerous demagogue to receive equal time on network and local station newscasts which present news or pictures of another politician.

**The case took shape in Chicago when Mayor Dick Daley officially welcomed a visiting potentate, as is his job. The Chicago radio and TV stations dutifully covered the event. They were promptly bombarded by requests for equal time from one Lar Daly, who calls himself Lar "America First" Daly, likes to dress up in red, white and blue Uncle Sam suits, and runs for most available offices in Chicago. He ran once on a platform opposed to taxes and schools.**

The stations laughed at him, as have the Chicago newspapers for a long time. Then to the consternation of station operators, the FCC—to which this character appealed — ordered the stations to put him on, on the grounds that even though Mayor Daley was simply performing a public service, he was at the same time a candidate for re-election. He had not spoken one partisan word, but in the eyes of the FCC the only voice of reason in the debate was the man in the red, white and blue suit.

☆ ☆ ☆

The FCC decision is a complete perversion of a reasonable, well-intended clause written into the Communications Act in 1927. It provided, in effect, that a radio station (there was no TV) which sold time on the air to one candidate in a political race could not tell his opponent that equal time was not available for sale.

**Even that was a ruling most newspapermen found hard to take, though it made them thankful that the free press of the printed word was under no compulsion to suffer the humiliation of going hat in hand to a panel of political hacks in Washington annually to ask permission to survive. Still, it was moderate compared to the interpretation now given to it by the FCC. The FCC has expanded it to news reporting on the air and warped it out of context.**

MAYOR DALEY
. . . not a partisan mission . . .

I for one, would like to see Lar "America First" Daly announce his White House candidacy for 1960 today and submit his claim to FCC that he is entitled to as much time on the air as Vice President Nixon, Nelson Rockefeller, Senators Kennedy, Humphrey, Symington and Johnson, and Governors Meyner, Brown and Williams are given between now and next summer. I'd also like to see him demand equal time on the air to that given to President Eisenhower's opening of the St. Lawrence Seaway, the President's news conferences, and his possible appearance at the Summit. If the FCC wishes to remain consistently screwy, it would have to offer Daly that time —even if he spent the entire time flicking his lower lip with his forefinger and looking cockeyed at the camera.

☆ ☆ ☆

In the 1956 presidential race the candidates were not confined to Eisenhower and Stevenson. There were a dozen others in the race, in scattered states which permit anybody to run. There was a candidate on the Greenbacks Ticket, and a Vegetarian candidate. As Leif Ead pointed out on Morgan Beatty's fine summary of his medium's governmental persecution the other night on NBC, if they all demand equal time in 1960 there will be no air coverage of next year's conventions and campaigns.

**Suppose some hack from Washington had this power over the newspapers of the country? Our free press will become about as free as Russia's, or as chaotic as the minutes of the French Assembly before De Gaulle.**

President Eisenhower has twice called the FCC stand "ridiculous." That must be a new A.A.U. record for understatement.

# National Guard Bullets Disrupt River Cruise

An afternoon of fishing turned out to be a harrowing, bullet-studded nightmare for a 23-year-old Lincoln man.

Richard D. Hedges, a rural water contractor living at 5844 South in Lincoln, said he was fishing and floating down the Platte River near the National Guard camp at Ashland when he heard "spattering noises" in the water.

**Made By Bullets**

When he realized the noises were made by bullets, Hedges hit the water. He waited for the firing to stop and then carefully climbed into the boat. The firing began again and Hedges grabbed a pistol lying in the bottom of his boat and fired a warning shot in the air.

He said the firing increased and he jumped into the river again. "Bullets were buzzing around me like bees and I swam ½ mile downstream until I found a small island to hide behind."

**'Chewed Him Out'**

When Hedges finally gained the shore, he stormed over to the National Guard firing range. "A light colonel was there and I guess I really chewed him out," Hedges said.

"Some day someone is going to get killed on the river near that range," he charged. "There aren't any signs or danger flags that can be seen from the water." Hedges said the only sign he saw was a "No Trespassing" marker along the guard camp fence.

"They certainly need range guards along that stretch. A lot of kids roam that area and they can't all be expected to know what a red flag means," he said.

Hedge said he could not see the red flag that is required of all governmental firing ranges.

A National Guard spokesman in Lincoln said standard safety measures were in operation, including red flags around the range, guards and warnings at entrances and near the river's edge. "People have been warned about the danger of being in that area. This is probably the only place in the nation where a river is part of the government's property," he said.

Hedge said there "were no range guards" along the river. "I would testify to that."

The firing range is used by National Guardsmen, police and sheriff's officers and FBI agents. It is in use almost daily from spring until late fall, the Guard spokesman said.

## Thorne City Equalization Board Chief

Councilman Hugh Thorne was elected by his fellow Council members to head the City Board of Equalization.

The books on assessed valuations for 1959 will be open for complaints in the City Hall from 10 a.m. to noon and from 2-4 p.m. June 16-30, City Clerk Harold Springer said. Complaints will not be received on Saturdays and Sundays.

After all complaints are in, Springer said, persons filing complaints will be notified of their hearing date. The Council, acting as the board of equalization, will listen to complaints and make possible equalizations of assessments of property.

William Schlaebitz, city tax assessor, told the Board that about 2,000 notices have been sent out informing Lincolnites that their property assessments have increased for 1959. Complaints from some 20 Lincoln residents have already been received, Schlaebitz said, with more expected.

**CONTESTANT**

Sondra Whalen, 21-year-old daughter of Mr. and Mrs. Frank E. Whalen of 4245 Mohawk, will represent NU's Theta Xi fraternity Saturday at the Miss Nebraska beauty pageant at East Hills Country Club. Sondra and 11 other girls will compete for the title and the chance to represent the state at the Miss Universe pageant at Long Beach, Calif., next month.

## 2 Lincoln Dogs Win At Omaha Show

Two Lincoln dogs won honors and points at the Nebraska Kennel Club obedience show in Omaha.

Al Crowns' Springer spaniel was highest scoring dog in the shows with 97½ points, and John Broughton's Shetland sheep dog placed first in the graduate novice obedience class with 94½ points.

Ed Hollister, president of the Cornhusker Kennel Club of Lincoln was one of the obedience judges in the Omaha show.

# Lienemann Files As GOP Governor Hopeful

By Don Walton

Lincolnite Del Lienemann Wednesday filed as a Republican candidate for governor.

**The 39-year-old accountant thus became the first candidate to enter what many observers expect to be a red-hot Republican primary battle next May for the nomination.**

Lienemann

Lienemann, former Lancaster county commissioner, announced that he will seek nomination on the tax issue.

"My decision to do so (file) has been prompted by the failure of our state to solve its tax problems," the Lincolnite said.

"In my opinion, Nebraska will solve over 90% of its difficulties once the tax problem is solved.

"As a practicing certified public accountant who is familiar with taxes, I feel a patriotic duty to make myself available to provide tax reform leadership for the state of Nebraska."

**Broader Tax Base**

Hinting at a broadened tax base, Lienemann continued:

**"We must change our present antiquated system for a new 'forward looking' tax system.**

"Such a reformed system of taxation would be based on equality and on the 3 principal sources of taxation: namely, ownership, income and purchasing power."

**Lienemann was born near Papillion. He was graduated from the University of Nebraska in 1941, and has been a practicing accountant in Lincoln since 1945.**

Active in Christ Lutheran Church, Sertoma Club, Beta Sigma Psi and the American Red Cross, he served as county commissioner from 1954 through 1958 when he was defeated for re-election.

Lienemann, father of 5, was formerly vice president of the Lincoln Chamber of Commerce, a trustee of Lincoln General Hospital and business manager of the Lincoln Symphony Orchestra.

## Bryan Has Record Year

Bryan Memorial Hospital has completed another record year, Administrator Eugene Edwards reported.

The hospital had 90% occupancy through 1958 with an average daily patient census of 112.2, compared to the previous high census of 110, set in 1957.

Births totaled 865, another new record for any one year. The number of babies topped the 1957 total by 132. (Newborn babies are not included in the daily census.)

Committee appointments were also announced by the hospital's board of directors.

John W. Stewart was appointed chairman of the board's executive committee. Other executive committee members will be E. J. Faulkner, Mrs. Lenora Biggs and H. W. Probasco.

Other committees:

Publicity—Albert Held, chairman.
Property—George Bastion, chairman.
Staff—William Bogar, chairman.
Nominations—Max Roper, chairman.
Finance—Harry Simon, chairman.
Nurse Advisory—the Rev. Harold Sandall, chairman.

## $3 Million In Airport Jobs Start

A total of $3,213,000 in airport construction projects are in progress throughout Nebraska, and another $170,000 worth is being planned for next year's funds, State Airport Engineer W. J. Kreuscher reported.

In alliance, construction has begun on a new administration building. Total cost will be $124,000, of which $59,000 will be borne by the federal government, $36,500 by the state, and $38,500 by the city.

The Omaha airport is divided into 3 projects. Construction has begun on the first, installation of obstruction lights for the northwest-southeast runways, and includes clear zones and obstruction removal for the north-south runway. Cost is $160,000 split $80,000 federal, $40,000 state, and $40,000 Omaha Airport Authority.

The second project at Omaha acquisition of clear zones runway, is 90% complete, Kreuscher said. Cost is $127,000 split $63,500 federal, $31,750 state and $31,750 Omaha Airport Authority.

The 3rd, the $1,940,000 administration building, is in planning stage. The final floor plan has been sent to the federal aeronautics administration for approval, as has been an application for funds. The cost will be split $970,000 federal and $970,000 Omaha Airport Authority.

## 2 NEW POLIO CASES LISTED

The Nebraska Health Department reported two cases of paralytic polio in the state during the past week.

Both cases are in Franklin County, and neither has thus far been fatal.

The two cases bring to 10 the number of polio cases in the state this year compared to 7 at the same time last year.

One case of rabies, a cat in Pierce County, was reported bringing the year's total to 16 compared to 9 for last year.

Two cases of brucellosis were reported, in Douglas and Furnas Counties, bringing the total to 10 for the year compared to 17 for last year.

One case of hepatitis, in Thurston County, was reported bringing the total to 49 for the year compared for 36 last year.

# $44,600 Involved In Business Tax Appeals

More than $44,600 in taxes is involved in appeals by business firms to the County Board of Equalization, County Assessor Arthur Davis reported Wednesday.

Davis said his office hiked the 1959 personal property taxes of 48 firms by about this amount after examination of the firms' tax returns. The firms then appealed to the equalization board.

The 48 firms, Davis said, contend that their inventories should be valued at 70% of actual value to bring them into line with real estate valuations.

**Value Listed**

Davis listed the actual value of the firms' inventories as $4,793,215. He said the firms had reduced this total on their returns to $3,304,858.

Davis said his office boosted the figures up to the actual value totals after checking the returns.

Equalization Board Chairman Rollin Bailey has said if the board would decide to grant a 30% reduction to "equalize" inventory values with real estate values the reduction would be given all county businesses, regardless of whether they filed appeals with the board.

In addition to the 48 firms protesting on the basis of alleged inequality of personal property taxes with real estate taxes, another 12 firms have filed complaints for various other reasons.

Seven more firms were heard by the board Wednesday, bringing the total heard so far to 50. No action will be taken on any complaints until all are heard.

Firms appearing Wednesday:

Grainger Bros. Co.
H & H Investment Co.
Koser Supply Co.
O'Shea-Rogers Tractor & Equipment Co.
Walker Tire Co.
Lincoln Plating Co.
Bentzinger Farm Equipment Co.

# GI Housing Bill Passes

*. . . Goes To President*

Washington — A veterans housing loan bill, cut to 100 million dollars to avoid a veto, was passed by the House Wednesday and sent to President Eisenhower.

Besides providing 100 million for direct loans to veterans, it allows an increase from 4¾ to 5¼% in interest rates on these loans and on mortgages guaranteed by the Veterans Administration.

The direct loans are needed, Congress has been told, by veterans living in small towns and rural areas. Backers of the program said it is hard to get private home loans outside the big cities.

The House had originally voted a 300-million-dollar loan program and the Senate had voted 150 million. However, the Senate brought the total down to 100 million and the house went along, by voice vote.

The reduction was decided on when it became apparent that Eisenhower probably would reject any bill carrying a higher figure.

## Pablo Casals Hired

San Juan, Puerto Rico (AP)—Acting Gov. Roberto Sanchez has signed a law providing $230,000 to set up the commonwealth of Puerto Rico conservatory of music. It will be headed by the great Spanish cellist Pablo Casals, who lives here now and heads an annual spring music festival.

# 721 Retired Officers On Payrolls Of Defense Work Firms—Sen. Douglas

Washington (AP) — Sen. Paul H. Douglas (D-Ill) said 721 retired military officers are on the payrolls of 88 of the 100 companies which receive a lion's share of defense contracts.

Douglas also told the Senate the government's General Accounting Office has found numerous overcharges on defense contracts involving some of the companies on his list.

He said 95% of defense contracts are negotiated instead of being awarded on competitive bids, and that the value of the negotiated contracts represents 86% of the dollar value of defense contracts.

Douglas has made several attacks on what he terms abuse of the negotiated contract award system. He said that when firms seeking defense contracts "hire former officers of high rank to negotiate with their former fellow officers—some of whom they have promoted—the potential and actual abuses are magnified."

Douglas presented for publication in the Congressional Record a list of the 100 defense contracting firms and the number of retired officers with the rank of colonel or naval captain or higher on their payrolls, as reported by the Pentagon.

The 10 companies with the largest number of retired military personnel of the rank of colonel or equivalent on their payrolls employ a total of 372 former officers, Douglas said, listing them as:

Lockheed Aircraft 60; General Dynamics 54; Westinghouse Air Brake Co. 42; Radio Corp. of America 39; General Electric 35; Westinghouse Electric 33; Boeing Airplane 30; General Tire & Rubber Co. 28; North American Aviation 27; International Telephone & Telegraph 24.

In addition, he said, 8 aircraft companies employed a total of 177 former officers, as follows:

Lockheed Aircraft 60; Boeing Airplane Co., 30; North American Aviation, Inc. 27; Northrop Aircraft, Inc. 16; Douglas Aircraft Co., Inc. 15; the Martin Co. 15; Bendix Aviation Corp. 14.

## CONCRETE BLOCKS TO TEST MANSION FLOOR TREMBLE

The so-called "trembling floors" of the Governor's Mansion were the subject of an experiment Wednesday.

Anticipated result: reduce the vibration.

Some 7,000 pounds of concrete blocks were placed on canvas over the carpet in the first floor reception room.

A vibration-measuring device was then employed to study the results of the additional weight.

If the results prove successful, sheet lead and foam rubber will probably be employed as a permanent weight-producing remedy.

The study will be completed in about 3 weeks, Administrative Assistant Robert Conrad said.

## Internships Give J-School Students News Experience

Some 14 University of Nebraska School of Journalism juniors are participating in a summer internship program by working for Nebraska, Iowa and Minnesota publications.

One girl, Joyce Beesley of Beatrice, is working for the U.S. Department of Agriculture in Washington.

School Director Dr. William E. Hall called the program "one of the most successful instituted in recent years. The professionals have the chance to examine the training of the students and the students get practical day to day experience under good supervision."

Those participating in the program and their positions:

Lyman Cass of Ravenna, Dennison, Iowa Newspapers.
Jane Crooker of Auburn, Woodman Accident and Life Insurance Co. of Lincoln.
Louis Engel of Hebron, the Alliance Times-Herald.
Ron Furse of Plattsmouth, Dennison, Iowa Newspapers.
Charlene Gross of Hastings, Hovland-Swanson of Lincoln.
John Holt of Falls City, the Fremont Guide and Tribune.
Jaque Janacek of North Platte, the North Platte Telegraph-Bulletin.

## Frondizi Strives To Dispel Unrest Among Militarists

Buenos Aires, Argentina (AP) —President Arturo Frondizi maneuvered cautiously Wednesday in a crisis brought on by unrest among his military leaders.

Precautionary measures were taken throughout the country to cope with trouble.

One demand of the army led by the garrison at Cordoba was satisfied Wednesday. Col. Manuel R. Raimundez, undersecretary of war, whose nationalistic ideas reportedly made army officers unhappy, resigned.

The military leaders, who toppled the Peron regime 4 years ago, have been Frondizi's main support for his austerity program aimed at halting inflation.

Frondizi rules the nation under a state of siege, a modified form of martial law.

## Multi-County Judge Bill Goes To Floor

The Legislature's Committee on Government Wednesday voted to the floor a bill to submit to the voters a proposal to allow one judge to serve several counties and requiring him to be a member of the legal profession.

The bill, LB733, would also allow more than one judge to be elected in any county.

The bill was voted out on a vote of 4-2. It was introduced by the Committee on Banking, Commerce and Insurance, and Sen. Terry Carpenter of Scottsbluff, a member of the committee.

At the public hearing preceding the vote, Sen. Carpenter said some judges now depend on the legal knowledge of the attorneys who appear before them. The bill would assure the people of trained judges, he said.

Sen. Michael Russillo of Omaha said that only Douglas and Lancaster counties would want more than one judge.

## Two Women File For $42,496 In Crash Damages

Damage suits totalling $42,496.45 were filed Wednesday in Lancaster District Court against Roger J. and Herman Vollstedt of Rt. 6 by two Lincoln women.

The women, Ruby Thelander and Magdalena Hock, allege they were injured when the car in which they were riding was in collision with one driven by Roger J. Vollstedt and owned by Herman Vollstedt last Oct. 6 at 52nd and M.

## Boyles To Review 86th Marine Infantry

The troops of the 86th Infantry Co. of the U.S. Marine Corps Reserves will be reviewed by Mayor Pat Boyles Saturday.

The 3:45 p.m. review ceremony is scheduled for the U.S. Naval and Marine Reserve Corps Training Center, 1645 No. 10th, Maj. J. F. Roberts, instructor-inspector, said.

# Burney Scolds Solons For Wasting Time On Budget Bill

The Legislature spent nearly 30 minutes Wednesday trying to decide the best way to expedite the budget bill, an incident which prompted Lt. Gov. Dwight Burney to remark that they could have read 10 sections of the bill while they were arguing about how to hurry it up.

After much debate, some of it rather warm, the lawmakers accepted a motion by Sen. Terry Carpenter that the 71-page bill, LB74, be read through in its entirety before any amendments would be offered.

**Terry Gives Notice**

Before the motion was adopted, the Scottsbluff senator had given notice that when the bill had been read he would move to have the Budget Committee's recommendations adopted in whole.

He said if the Legislature would not agree to holding off amendments until the bill had been read through completely, he would ask for a detailed breakdown.

"If that is what you want, we will be discussing the bill for one or two weeks," Carpenter said.

He said he would get the detailed explanation if it meant raising questions about each section.

**Russillo Challenges**

Sen. Michael Russillo of Omaha challenged this as a "bullying" tactic, and accused Carpenter of trying to keep the Legislature in session "two or three more weeks."

Russillo said the Legislature has had "6 months of threats and bullying" by Carpenter and "that's enough. It's the same old stuff again.

Russillo said, "If Sen. Carpenter carries out his threat, I think the other 42 members can override him. We can cool him off by limiting his speeches to 10 minutes."

After he submitted the substitute motion, Carpenter said he "did not intend to threaten you people," but that if the budget bill is to be discussed "intelligently", it would require a detailed explanation.

The first reading of the bill is now scheduled for the first order of business Thursday.

## Bills Passed

A bill liberalizing provisions of Nebraska's teacher retirement law won 40-0 approval on final reading in the Legislature Wednesday.

LB410, introduced by sens. Richard Marvel of Hastings and William Moulton of Omaha, extends from 30 to 35 years the period during which a teacher or school employe may build up retirement benefits. It also offers such persons the option of increasing their own contributions to the system from a maximum of $120 a year to $180 per year.

Also passed, 38-0, was a Budget Committee bill, LB171, placing certain railway commission fees now going into a revolving fund into the state's general fund. LB717 carried the emergency clause making it effective when the governor signs it.

# Amendments To Military-Affected Schools Bill Gets 1st OK

By Betty Person

The Legislature Wednesday gave initial approval to amendments to the claims bill for state funds due 7 Nebraska school districts for educating the children of military personnel on active duty in Nebraska.

Total of the funds contained in the amendments was $175,822, with Lincoln and Bellevue responsible for the major share of the funds due to the Lincoln Air Force Base and the Strategic Air-Command Headquarters at Offutt Field.

**$59,577 For Lincoln**

Lincoln's claim, submitted by Sens. Fern Hubbard Orme and Stan Portsche, totaled $59,577, and Bellevue's claim, submittd by Sen. Edwin McHugh of Murdock, totaled $74,872.

State law now makes it mandatory for school districts in or near such military installations to educate the children of military personnel living on federal grounds, and the state also is required to provide from the state general fund $3 a week for each such child in elementary schools, and $6 a week for each such child in high school.

The 1957 Legislature failed to appropriate enough funds to meet the state's obligation for the current biennium, and the 1959 Budget Committee declined to appropriate funds to make up the backlog, or appropriate funds for such purposes for the 1959-61 biennium.

**Committee Meets**

Shortly after approval had been given Wednesday to the amendments to the claims bill, the Government Committee met in executive session and voted 6-1 to introduce a bill, LB738, which would make permissive rather than mandatory the education and tuition payments for these children.

The committee brought the bill to the floor and received permission for its introduction, the rules were suspended and the bill was placed on general file without a public hearing.

The other school district claims approved Wednesday were: Omaha, $8,256; Grand Island, $198; Hastings, $1,243; Wahoo, $745, and Cheyenne School District 166 near Sidney, $931.

Another attempt to amend the claims bill for $2,108 in behalf of Furnas County was turned down by the Legislature. Sen. Don Thompson of McCook filed the claim on behalf of the county for reimbursement of payments made by the county for hospitalization of a mental patient at the Hastings State Hospital.

After paying for the patient's care for a number of years, the county learned the patient was not a legal resident of the county. Reimbursement was sought for payments made during the past two years.

Several senators suggested that such reimbursement would set a precedent and that many counties undoubtedly could uncover similar cases. The Thompson amendment was defeated 12-16.

## Real Estate Brokers Meet In Conference

More than 170 Lincoln area brokers attended an educaitonal conference sponsored by the Nebraska Real Estate Commission Wednesday in Lincoln.

The one-day meeting, 3rd in a 5-day series of conferences this week throughout Nebraska, was designed to acquaint real estate brokers with new business methods and to outline implications of LB420, a license bill affecting the profession.

The program included an address by Robert W Semenow of Pittsburgh, Pa., on "Hidden Dangers of Listings and Agreements of Sale." Semenow, one of the nation's top real estate educators, is the author of "Questions and Answers on Real Estate."

Others on the program included William F. Swanson, director of the Nebraska Real Estate Commission, Paul C. Huston of Grand Island, past president of the Nebraska Real Estate Assn. and Robert H. Petersen, attorney for the Omaha Real Estate Board.

The NREC held conferences earlier this week in Scottsbluff and Kearney. Similar meetings will be held Thursday at South Sioux City and Friday at Omaha.

## Fusillade Of Shots Brings Fine Of $50

John Peters of 2801 No. 26th was fined $50 in County Court on an assault charge which resulted from a shooting incident.

Peters, 22, pleaded guilty before Judge Herbert A. Ronin to "threatening Marshall Whittmore (of 642 So. 17th) in a menacing manner."

Police said Whittmore told them he and two companions, ages 17 and 20, had followed the Peters car after an exchange of insults at a stop sign near 33rd and B.

Whittmore, according to police, said that both cars stopped near 28th and N and that Peters got out and fired several shots in the direction of the Whittmore car.

One of the bullets punctured a tire of the car but no one was injured.

Three boys, ages 15 and 16, who accompanied Peters were released by the County Attorney's office after questioning.

## 7-Up Building To Be Rebuilt

Construction work began Wednesday on the Seven-Up Bottling Plant at 2409 O, which was one of the firms damaged by the two fires at Donley Drug Co.

Robert Hudson, owner of the building, said that it would cost approximately $65,000 to return the building to its former condition.

Hudson said that the first Donley fire on April 25 caused 70% of the damage to the Seven-Up plant. The second fire on May 1 "finished the job," Hudson said.

# Ike To Use 'Every Influence' In Strauss' Behalf

Washington (AP) — President Eisenhower said "I'm going to use every single influence that I can" to win confirmation of Lewis L. Strauss as secretary of commerce.

Eisenhower said this at his news conference when a reporter told him a Democratic senator, not named, had complained the executive branch is lobbying to get support for Strauss, center of a hot fight.

In reply, Eisenhower said there are a number of things he has recommended to Congress "and when my conscience tells me they are right, I'm going to use every single influence that I can from the executive department to get the Congress to see the light."

Then he added: "If that's lobbying, I'm guilty."

**Debate Drags On**

Meantime, debate on the Strauss nomination dragged on in the Senate, with no firm indication when a vote may come.

In a long, dragging night session that showed signs of fraying tempers on both sides of the aisle, Senate Majority leader Lyndon B. Johnson of Texas, and Republican leader Everett M. Dirksen of Illinois, each failed in efforts to limit debate.

Dirksen sought unanimous consent to set a vote for Monday, but failed when Sen. Clinton P. Anderson (D-NM), one of the chief critics of Strauss, rasied the single objection needed to block such action.

Johnson's aim was unanimous consent to bring the nomination to a vote on Friday, but Sen. Gordon Allott (R-Colo) blocked this one. He said a number of Republicans would be leaving town Friday for weekend speaking engagements.

The net effect of the long wrangle was to leave the matter of a vote still up in the air.

Asked if Nixon's presence here is vital in the Strauss matter, Dirksen replied:

"You never know. Ties have developed here."

The vice president votes only in event of a tie in the Senate. Both sides in the Strauss dispute have predicted the outcome may be close.

In the Senate debate, sharply conflicting pictures of Strauss were drawn by Sens. Norris Cotton (R-NH) and Estes Kefauver (D-Tenn).

Cotton said that there is no question of Strauss' competence or patriotism and that Strauss is free of any private interests that would conflict with his duty as secretary of commerce.

He also said facts do not sustain any of the charges against Strauss' honesty and character.

But Kefauver said he could not support the nomination because he said Strauss has demonstrated he is deceitful.

Kefauver said the issue is simply this: "Lewis L. Strauss is unfit to hold the important post of secretary of commerce because he has consistently and cynically sought to deceive the American people."

## Soviet Kids Given Live Polio Vaccine

Moscow (AP) — Izvestia said nearly two million Russian children have been given spoonfuls of Soviet-produced live polio vaccine and not a single case of polio developed among them.

The vaccine, developed at the Leningrad Academy of Medicine, is given in water, milk or fruit juice, and 3 doses at monthly intervals give lasting immunity.

## Woman Hurt In Car Accident Files Suit For $50,000

A Lincoln woman injured in an auto accident which claimed one life last Nov. 21 filed a $50,000 damage suit Wednesday in Lancaster District Court against the driver of one of the cars involved.

Lucie Yoder of 225 No. 25th, driver of one car, filed the suit against the driver of another car involved, Dale M Johnson of 603 No. 27th.

Mrs. Yoder's passenger, Miss Ruth Hutchins of 5203 Cleveland, was killed in the accident, which occurred at 25th and R.

## Request For New Trial Overruled

Beatrice, Neb. — District Judge Ernest Hubka has overruled a motion for a new trial in the suit of Mrs. Phyllis Sunderman of Beatrice against Mrs. Beatrice Wardlaw of Beatrice.

Mrs. Sunderman asked $135,000 for damages as a result of an auto accident near Omaha involving a car driven by Mrs. Wardlaw in which Mrs. Sunderman was a passenger.

A March 23 jury returned a verdict in favor of Mrs. Wardlaw, absolving her of gross negligence. In the motion for a new trial, the complainant cited 44 alleged errors.

# Flowers, Friends, Outdoors—August Eiche's Formula For Life

By George Moyer

Flowers, friends and an active outdoor life—that's the way to stay young, according to August Eiche of 3134 S. 29, long time Lincoln florist.

Eiche, who was 89 his last birthday, retired from the flower shop last year, closing out a business venture that began in 1898.

"I didn't need the shop," Eiche said. "So I gave it to George Johnson. He started with me before he got out of high school."

**Once A Week**

"I still get down to the shop (at 210 S. 13th) once a week and they give me a birthday party there every year. All my friends drop in—friends are the most valuable thing I have," Eiche said.

Besides being a pioneer businessman, Eiche was also one of the charter members of the Pelican Lake Outing Club. The club members maintain cabins at Pelican Lake, Minn. on land originally purchased by Mr. Eiche.

"I took an option on that land in 1898, but we didn't have a chance to get up there until 1900. I eventually bought the land for $750 and its worth $150,000 now," Eiche recalled.

**Packed 9 Miles**

On that first trip to the lake, supplies had to be packed in 9 miles from the end of the nearest railroad, a logging road of the narrow gage variety.

"It was still Indian country up there then. The game was so thick, you could just step back of the camp a little way and shoot about whatever you needed," Eiche said.

Eiche is also an ornithologist and holds the honorary title of Director of Ornithology at the University of Nebraska. He presented his collection of stuffed Nebraska specimans to the university in 1926 and at the time it was valued at more than $20,000.

"I got interested in birds when I was a boy around Cloister, N.J. They used to come out there and shoot game birds and they would give me some of the birds they didn't want," Mr. Eiche said.

**Started Mounting Them**

"I got to thinking that some of the Nebraska game birds would one day become scarce so I started mounting some I brought back from hunting trips," Eiche said.

Eventually the collection included all the wild ducks taken in North America except one that had become extinct. It also contained 4 whooping cranes. There are only about 27 whooping cranes left in the world at present.

Eiche turned his hobby to a profit, authoring a book, "Birds of Nebraska." There are more varieties of birds in Nebraska than any other state, according to Eiche.

Eiche gave up his trips to Pelican Lake and his hunting about a year ago. He still cultivates flowers, however, and has the largest Magnolia tree in the state in his back yard.

"The pressure of modern living is so high. That's why I always got away to the lake or hunting as much as possible," Eiche said.

Conclusion: A very rewarding way of relaxing.

## U.S. Seeks Back Taxes From Actress Swanson

Washington (AP) — Attorneys for actress Gloria Swanson told the U.S. Tax Court Wednesday her glamorous way of life, is for her, a necessary business expense.

The Internal Revenue Service, however, apparently does not hold that view. The actress was billed for $39,458 in additional income taxes for the years 1949 through 1953, plus penalties totaling $5,853.

## Sowers To Visit Elgin Festival

Members of the Lincoln Sowers Club are making a "goodwill ambassadors" trip to Elgin, Neb., today as an added feature of the annual Elgin Summer Festival.

"While the Sowers make 3 regularly scheduled trips throughout the state each year, this special trip will be for the specific purpose of showing Elgin citizens that we are always interested in Nebraska communities," according to Kenneth Lawson, Sowers chairman.

# FCC Dumps 'Equal-Time' Controversy In Congress' Lap

Washington (AP) — The Federal Communications Commission Wednesday left up to Congress the question of exempting radio and television newscasts from the political equal-time provision of the Communications Act. It said existing law gives FCC no discretion.

One commissioner, Rosel H. Hyde, said flatly the question "is one of legislative policy. If the policy established in previous legislation is to be changed, obviously it should be done by congressional authority."

The commission announced Tuesday, without detailed explanation, its refusal to reconsider a February ruling on the subject.

**'Clear Mandate'**

A lengthy formal opinion made public Wednesday boiled down to a statement by the majority that the commission reads the equal-time law, which has been on the books since 1927, as "an unequivocal mandate that all candidates for the same office shall be treated equally."

The majority asserted that FCC has repeatedly held that "any use" of a broadcasting facility by a candidate puts the equal-time provision of the law into operation, and that Congress has repeatedly been asked to exempt news programs from these provisions and has never seen fit to do so.

A number of new bills to provide such exemption are scheduled for a hearing starting Thursday before the Senate Commerce Committee.

# McConaughy Water Storage Level Near '51 High

Hastings, Neb. (UPI) — The level of storage water in Lake Mc Conaughy near Ogallala is approaching the 1951 high, the Central Nebraska Public Power and Irrigation District said.

**The level of the water is 63 feet higher than the 1956 low with 1,670,000 acre feet of water stored behind Kingsley Dam. In October, 1956, storage reached a 14½ year low of 383,600 acre feet.**

In 1956 the water was 75 feet deep at the control tower and it is now 138 feet deep.

The gain this spring is due primarily to ample moisture in the irrigated areas of Lincoln, Dawson, Buffalo, Gosper Phelps and Kearney Counties in which some 25,000 acres of land use the water.

With decreasing inflow and increasing irrigation use, the seasonal drawdown will begin soon unless more rains come, the district said.

The present storage is the highest at the beginning of the irrigation season since 1953.

Prospects for next fall and winter indicate below normal inflow. Storage in upstream reservoirs in Wyoming is about half their capacity and water use by upstream irrigators in Wyoming and in Scotts Bluff, Morrill and Garden Counties will be less than last year.

**The return flow from upstream irrigation furnishes about 80% of the inflow to Lake Mc Conaughy.**

But with Mc Conaughy storage back up to a 6-year high, the district said, Platte River watershed irrigators from Kearney and Minden west are assured of ample water for at least 5 years even if weather conditions like from 1952 to 1956 prevail.

## Longtime Doctor At Norfolk Dies

Norfolk, Neb. (AP) — Dr. Edward L. Brush, 80, Norfolk physician the past 53 years, died of a heart ailment in Omaha.

Dr. Brush was born Dec. 29, 1878, and was graduated from the University of Nebraska College of Medicine in 1906, the year he started practice in Norfolk. Three years later he was married to Bertha E. Stilson of Atkinson, who preceded him in death.

Dr. Brush is survived by two sons, Edward of Miami, Fla., and Dr. John Brush of Omaha.

## 'Even One-Armed Criminal Bears Close Watching'

Omaha — Never underestimate the ingenuity of a one-armed criminal, George W. McNally, special agent for the National Auto Theft Bureau of Kansas City says.

He told the National Peace Officers Assn. of a one-armed auto thief who became an expert in grinding off automobile serial numbers and hammering in false ones.

"The fellow had rigged up a magnet contraption to hold his dies against the body frames," McNally said.

## Corn Borers Located In Eastern Area

Early planted corn in eastern Nebraska may be severely infested with first brood corn borers this year, according to Robert E. Roselle, Extension entomologist at the University of Nebraska.

Some fields examined this week had nearly 200 egg masses per 100 plants in Lancaster County, Roselle stated. This is considered a large number of egg masses for the first brood, as 50 eggs masses are of economic importance.

**Corn which was planted early in May in all sections of the state should be observed closely during the next two weeks for corn borer feeding signs, Roselle warned. This is especially true in northeastern and eastern counties.**

"Usually, it will pay farmers to treat for borers when 50% or more of early-planted corn shows feeding signs of the little borers are working in the rolled whorl leaves of the plant, and can be observed by unrolling these leaves," Roselle said. "The borers are now from ⅛ to ½ inches in size, but will grow larger, and later will bore into the stalk. If not controlled, the loss is estimted to be 3% for each borer in a stalk."

# High Noon Wedding

MRS. ALLEN LeROY ELLISON

With only members of the families and a small group of close friends attending the ceremony the marriage of Miss Kate Morrow Haggie, daughter of Mrs. Anthony Jamieson Haggie of Lincoln, and Anthony Jamieson Haggie of London, England, to Allen LeRoy Ellison of Cambridge, Mass , son of Mr. and Mrs. Francis Robert Ellison of Casper, Wyo., took place at high noon on Wednesday, June 17, at Blessed Sacrament Church Msgr. A. J. Kraemer solemnized the service before a background of pink and white peonies and cathedral candles, and the wedding music was played by Miss Catherine Gillespie.

Frocked alike in ice-blue lace and chiffon the attendants were Miss Karen Rasmusson of Omaha, the maid of honor, and bridesmaids Miss Mary Morrow and Miss Shirley Ellison of Casper, Wyo.

The bridegroom's father served him as best man, and seating the guests were Tom Morrow and John Morrow.

The bride appeared in the wedding gown of her grandmother, Mrs. H. O. Jones of Gering. Fashioned of slipper satin in the antique ivory shade and draped with French lace and mousseline de soie, the empire line of the fitted bodice, designed with a sweetheart neckline, was coutoured with satin roses. The skirt curved to to the back where accordion pleated satin banded the chapel train. A Watteau bonnet held to the head her train-length veil of ivory illusion, and she carried an arm bouquet of sweetheart roses and cymbidium orchids.

Following the wedding luncheon at the University Club Mr. Ellison and his bride left for Cambridge, Mass., where they will reside at 1610 Massachusetts Ave. The bride will be a junior at Radcliffe College next year. Mr. Ellison is a graduate of Harvard University.

# We Hear That

Miss Aurelia A. Plautz has gone to Jacksonville, Fla., where she is attending an executive board meeting of the National Association of Insurance Women, which will be followed by the organization's annual convention, June 15 to 19. Miss Plautz is regional director for a six-state area.

## Dear Abby . . .

# Cool Your Heels, Ma'am

**Abigail Van Buren**

DEAR ABBY: On October 10, 1958 I sent a wedding gift to the daughter of a friend. I know this girl got the gift because her mother said she did. But as yet I haven't received a thank-you note from the girl.

Her mother said a bride has a year in which to acknowledge her wedding gifts. Is that a fact? This girl had plenty of time before the wedding to sit down and send out over 300 wedding invitations to people all over the country (she didn't know half of them) but she can't find time to thank them for the gifts. What is my next move?

MRS. L.

**DEAR MRS. L.: The next move is hers, not yours. The well-bred bride acknowledges her wedding gifts within thirty days after she returns from her honeymoon trip.**

☆ ☆ ☆

DEAR ABBY: I wanted to send for your pamphlet on "HOW TO GET BOYS TO NOTICE ME" but my father says too many boys notice me as it is. I am ten years old but sometimes I pass for twelve. Dear Abby, can you help me with my problem? I would like to have boys notice me.

NOT NOTICED

**DEAR NOT: Girls your age have a lot of time in which to be noticed. Be your sweet 10-year-old self, and let Nature take its course.**

☆ ☆ ☆

DEAR ABBY: If those immature parents squabble over who should meet their son when he comes back from overseas had a real worry, they wouldn't have time to think about such a trivial thing. The important thing is that the boy is coming home. I met my sons at the train—two of them. But they were in boxes, draped in flags.

Sincerely yours,
HATTIE HAMILTON

☆ ☆ ☆

DEAR ABBY: I am going with a girl I love very much. She is 16 and thinks she is pregnant. I don't know what to do because I am younger than she is and couldn't support her if I did marry her. She is scared to death to tell her folks and I am more so. Is there any possible way for her to find out if she is pregnant without waiting six weeks? She is torturing herself. Please tell us what to do right away.

SERIOUS TROUBLE

**DEAR SERIOUS: You must tell your parents at once and she must tell hers. They are your best friends and the only ones who can help you. DO NOT CONSIDER ANY OTHER SOLUTION!**

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, enclose a self-addressed envelope.

# The Dress Doctor

by EDITH HEAD (with Jane Kesner Ardmore)

(Editor's note: This is the sixth in a series of installments condensed from Hollywood dress designer Edith Head's best-selling book, "The Dress Doctor.")

The other girl who came bouncing in with curls and ruffles was Betty Hutton; but she was happy that way. Until she came to the studio, she'd been playing in real life, on stage and in night clubs, the enthusiastic, volatile youngster who affects pinafores and big organdy sleeves and bows and such.

Everything bounced; those were the kind of parts she played. Then, when she was finally put into more sophisticated roles, in **Stork Club,** for instance, she absorbed fashion with a mind as receptive as blotting paper.

I've never seen a more complete change in format, the more interesting because her personality remains unchanged. Betty is a restless, mercurial person who is always either very up or very down.

There were times when she acted as if she were about to play "Hamlet," there were times she was exacting—she wanted everything right, and right now —there were fittings where she was restless and hated to stand still, regardless of hems that needed taking up or sleeves that needed setting in; there were other times when she was gay and high-spirited and her fittings became a circus.

She always used to bring along people, friends, friends, friends, as many as twelve. She loved an audience and played up to one.

As a rule I resent anybody at a fitting; but Betty fits better with an audience; she gets into the act, the friends get into the act. There were phone messages, wires, flowers arriving constantly, more phone messages — Betty's life just followed her around.

And I didn't resent it; I was fascinated observing her change from bouncy ingenue to stylish woman.

She adopted white gloves, suits, the well-groomed look. She'd had no idea she had an excellent fashion figure; she got one look at herself and became so style-conscious that I doubt if she remembers ever having worn a ruffle.

# Honored At Party

A farewell party was held at the home of Miss Joyce Cook honoring Miss Lynn Gloor, who left Lincoln on Sunday to join her parents, Mr. and Mrs. Richard Gloor, in their new home at North Platte.

Miss Mary Schafer, Miss Mary Forrest and Miss Joyce Dalby were co-hostesses with Miss Cook to 30 former Northeast High classmates of the honoree. Following dinner served in the garden of the Cook home, the group spent the evening playing miniature golf.

# The Star In Suburbia

Summer days always mean vacations and visitors, and also on our Eastborough and Meadow Lane June calendar this morning we learn of a birth announcement, a surprise baby shower, and some moving plans.

EASTBOROUGH

Hear that Capt. and Mrs. William E. Verner are planning to move from their home on West Rio Rd. and into their brand new home at 6941 W. early next month.

Incidentally, the Verner's daughter, Terry, is presently visiting in Joliet, Ill., at the home of her grandparents, Mr. and Mrs. William D. Verner. Mr. and Mrs. Verner plan to return to Lincoln with their granddaughter in July.

And newcomers at 301 West Rio Rd. come July will be Mr. and Mrs. Dick Streitwieser and their two children, Doug and Susan.

Both Mr. and Mrs. Streitwieser who have been residing in McCook, attended the University of Nebraska when Mrs. Streitwieser, the former Adele Green, is a member of Gamma Phi Beta sorority. Mr. Streitwieser is a member of Kappa Sigma.

Motoring to Salina, Kan., last week end were Mr. and Mrs. James Divis. In Salina the Divis couple were the guests of Mr. and Mrs. C. J. Walker.

Mr. and Mrs. John Reta returned home last Sunday after a few day's visit with friends in Gurley.

Learned that Mrs. Lorn Dunnigan was the honoree at a no-hostess dessert bridge and surprise baby shower on Thursday, June 4, at the home of Mrs. Kenneth Derrman.

Joining in the festivities were Mrs. Derrman, Mrs. Donald Reiter, Mrs. Donald Green, Mrs. Merle McCunn, Mrs. Donald Nelson and Mrs. John Reta.

MEADOW LANE

A newcomer to the bassinet set in Meadow Lane is Miss Shannon Sue Samuels, daughter of Capt. and Mrs. A. P. Samuels, who was born at Bryan Memorial Hospital on Monday, June 8. Included among Shannon's most ardent admirers are her brother, Philip, and sister, Mary Ellen.

The young lady's paternal grandparents are Mr. and Mrs. A. P. Samuels of Marseilles, Ill., and Mr. and Mrs. Herman Baker of Peru, Ill., are the maternal grandparents. Mrs. Baker is presently visiting with her son-in-law and daughter.

# NFWC Presents Prize

At the June meeting of the Nebraska Federation of Women's Clubs state board, held in Lincoln Wednesday at the Hotel Cornhusker, Mrs. P. O. Marvel of Giltner, state president, presented a check for $100 to Mrs. Emery W. Nelson, immediate past president of the Lincoln Junior Woman's Club.

The check was the state federation's first prize in its annual Vogue fashion sewing contest, which was won by Mrs. Robert H. Wise of the Lincoln Junior club. The club also will receive $100 from the national federation as Mrs. Wise received third place in the national contest, a $250 personal award and a trip to Los Angeles to the recent national convention.

From the left are Mrs. George Mechling, Lincoln, state third vice president; Mrs. Nelson of the Junior club; Mrs. Marvel; Mrs. E. J. Huntemer, Grand Island, first vice president; and Mrs. G. A. Butts, Burwell, second vice president.

# Bride-Elect Was Honored

In prenuptial courtesy to Miss Janice Nelson who has chosen Sunday, June 28, as the date for her marriage to Norman Smith, Mrs. P. E. Hall and Mrs. John G. Smith entertained at a one-gift shower and dessert supper at the Hall home on Tuesday, June 16.

Among other recent parties given in Miss Nelson's honor were a miscellaneous shower for which Mrs. Harley Giles and Miss Connie Mead were hostesses, and a miscellaneous shower held in Ashland at the home of Mrs. David Reisen with Mrs. Charles Reisen serving as co-hostess.

## Cards Win 9th In 11 Contests

St. Louis (AP)—The St. Louis Cardinals got strong relief help from rookie Marshall Bridges and 3 runs batter in each from Bill White and Ray Jablonski here Wednesday night for a 10-4 victory over the last-place Philadelphia Phillies.

Inspired perhaps by the presence of the fabled Cardinal Gas House Gang of 1934, the Red Birds showed some daring base running. White stole home in a 3-run first inning.

**Bridges, a 28-year-old lefthander, held the Phillies to one run and 4 hits through the last 6⅓ innings. It was his first major league game and he made the most of it.**

The Phils hammered Cardinal starter Larry Jackson for 10 hits, and Larry was fortunate to escape with only 3 runs against him.

White slammed a triple and single. Jablonski, subbing in the cleanup spot for injured Ken Boyer, had two run-scoring singles and a sacrifice fly.

## Four Yanks Gain Wins In Tourney

London (AP) — Three members of the U.S. Davis Cup squad-Alex Olmedo, Barry MacKay and Earl Buchholz—and darkhorse Jack Frost of Monterey, Calif., Wednesday gained the quartfinals of the London Lawn Tennis Championships.

Frost, ranked 29th in the United States, pulled off the tournament's biggest upset when he defeated Roy Emerson, Australia's No. 2 player, 6-4, 3-6, 7-5.

Olmedo, the Peruvian who attends the University of Southern California, played his best tennis since reaching Britain while smashing Pierre Darmon, French Davis Cup player, 6-4, 7-5.

MacKay from Dayton, O. performed spottily but showed fighting heart in subduing Lew Gerrard of New Zealand in a 3-hour marathon, 13-11, 3-6, 9-7. Buchholz, the 18-year-old junior champion from St. Louis, beat Robin Sanders of South Africa, 6-2, 7-5.

## Slugging Senators Down A's

Washington (AP) — The homer-happy Washington Senators slugged two more Wednesday night, backing up a strong pitching job by Camilo Pascual, for a 7-2 victory over Kansas City.

Ned Garver, who left for a pinch-hitter while trailing, 2-1, in the 7th, took the loss. Jim Lemon's single, Hal Naragon's triple and Bertoia's single gave the Senators those first two runs in the 4th inning. A triple by Kent Hadley and an infield grounder by Frank House accounted for K.C.'s first run in the second.

After Allison's homer off reliever Tom Gorman made it 4-1 in the 7th, the A's got their other run on a double by Dick Williams and a single by Zeke Bella. The Senators added 3 runs in the 8th two from Bertoia's homer.

## COWBOYS TO MEET ARIZONA

Omaha (AP) — Roy Peterson blanked Fresno State on 4 hits Wednesday night to give Oklahoma State a 4-0 win in the NCAA college baseball world series and send the Cowboys into a championship game with Arizona tonight at 8.

Peterson gave only one hit after the 4th inning when a home run by Jim Dobson handed him a 1 to 0 lead. He fanned 7, setting 6 batters down on strikes in the last 4 innings.

Oklahoma State broke the game open in the 5th when a hit batter, two singles, a squeeze play and a 3rd single brought home 3 runs and routed Mountie Bedford.

## Comic Stag Feature To Walt Madden

Walt Madden won on a cut of cards with 8 other golfers to become the special event—blind bogey—winner at the Hillcrest Country Club's Comic Stag Wednesday.

Madden had a 78 to tie with DeVere Horn, Hal Thorson, Whitie Reed, Gil Dietemeyer, Berry Thompson, Howard Linch, George Albin and Dean Dow in the blind bogey competition. The others were consolation winners after the cut.

Other event winners were Dietemeyer, low net with 68 and John Reinhardt, most putts, 39. Ed Dosek, with the aid of a piece of string, won low gross with a 60.

Some 200 golfers, Hillcrest members and out-of-town guests, took part in the stag which featured high jinks in the form of obstacles to the players. Some of these included barrels and laundry strung out in the fairways, hidden cups on the greens and flour bombing from a helicopter.

## DAL WARD TO STAY AT CU

Boulder, Colo. — Dallas Ward, 53, fired as University of Colorado football coach last Jan. 23, will remain at the university as a professor of physical education.

As grid coach, Ward received $12,800 annually plus $1,000 for expenses. As a professor he will receive $8,120 a year.

## Mickey's Hit Beats Chisox

. . . NY On Move

New York (AP)—Mickey Mantle clouted his 14th home run of the season—with two mates aboard—to climax a 5-run second inning and the New York Yankees went on to defeat Chicago 7-3 Wednesday for their second straight victory over the White Sox.

Mantle's blow came on a 3-0 pitch. The Yankees had clipped the Sox for a run in the first and had added two more in the second on a single by Hector Lopez, a triple by Bobby Richardson and a double by Tony Kubek.

There were two out and two runners on base when Kay Moore threw 3 balls to Mantle. The next pitch was a fast ball right down the middle. Mickey swung and drove a tremendous fly that landed in the 3rd deck in right field, about 9 rows deep.

The home run gave the Yankees a 6-1 lead and finished Moore, who dropped his 5th decision against one defeat.

**Bob Turley received credit for the victory which boosted the Yankees to the .500 level again.**

Turley, whose season record is now 6-7, couldn't stand prosperity. After getting 6 of his 9 strikeouts in the first two innings, the hard-thowing righthander weakened noticeably and finally gave way to Ryne Duren in the 7th when the White Sox narrowed New York's margin to 6-3.

## Donovan Pick For Bowl Tilt

Shrine Bowl officials Wednesday announced the addition of Larry Donovan to the North prep All-Star football team.

Donovan, an outstanding end at Scottsbluff High last season, will join Coach Jerry Lee's club for the Aug. 22 tilt

Donovan set a Nebraska high school pole vault record with a 13-foot vault during the recent state championships. He was selected by The Sunday Journal and Star as one of the state's 10 outstanding prep athletes for the year.

## NL Chase Tightens With Double Defeat

Los Angeles (AP)—Little Danny McDevitt pitched an elegant two-hitter as the Los Angeles Dodgers defeated Milwaukee, 4-0, in the second game of a doubleheader here Wednesday night before 54,999 fans. The Dodgers also belted the Braves 10-2 in the opener, Sandy Koufax throwing a 5-hitter in that one.

The double defeat left Milwaukee only a half game ahead of second place San Francisco in the tight National League.

## Detroit 9 Is Stopped On 2 Hits

Baltimore (AP) — Young Milt Pappas threw a two-hitter at Detroit Wednesday night as he and his Baltimore Oriole mates cooled off the torrid Tigers 4-0.

Backed up by only 4 hits including home runs off the bats of Gus Triandos and Chico Carrasquel, the 20-year-old righthander struck out 6 and walked nobody as he registered his 6th victory in 9 verdicts.

Jim Bunning, who didn't let a runner on base until Triandos' 15th homer of the season in the 5th inning, suffered his 6th defeat against 6 victories. Carrasquel's 3rd homer of the year also came in the 5th. Bunning gave way to Bob Smith in the 8th.

Like Bunning, Pappas pitched perfect ball for 4 innings before Lou Berbert slashed a 5th-inning single through shortstop. The only other safety off him was Bunning's single to left-center in the 6th.

Bunning, who walked one and struck out 6, had only one other bad inning after surrendering the 5th-inning home runs. This was the 7th, when Al Pilarcik's single and Gene Woodling's triple against the right field wall provided the 3rd Oriole run and a throwing error by 3rd baseman Eddie Yost allowed the 4th.

In the second game the Dodgers got their first two runs in the 7th inning. Wally Moon, who had extended his hitting streak to 10 games, led it off with a single. Duke Snider then sacrificed and both runners were safe as Eddie Mathews' throw pulled Casey Wise off the bag at second. Gil Hodges then laid down a bunt single to load the bases, but Moon was forced at the plate when Mathews made a fine play on Frank Howard's grounder.

Hank Aaron got both Milwaukee hits.

## KEEPING SCORE

With Al Beebe

Star Sports Staff Writer

### 'This Is It'

"This is it," said Kansas track coach Bill Easton after his Jayhawks won the NCAA meet here last week.

"We've got the title and I'm proud of this team. It's the best one I've ever had, and I've had some good ones."

**Some of those other "good ones" had come mighty close to winning NCAA titles (the Jays were in the top 4 the past 4 years), but it took a long time for KU to actually bring home the crown. Even after Friday's prelims, which saw Kansas qualify more than twice as many entries as any other team, Easton was being cautious.**

"You just can't tell what is going to happen in those finals," he said. But we're in pretty good shape."

### Things Happened, Not To KU

Things happened in the finals, of course, but most of it was good for Kansas. For instance, when Ray Norton was disqualified in the 100, it just about handed the sprint and 10 points to Charlie Tidwell, Jayhawk ace.

**Tidwell admitted he thought he had acidentally pulled Norton out of the blocks on the two false starts which disqualified the San Jose ace. It's a good thing the point spread eventually proved so favorable to Kansas, or a mighty good argument could have developed over that.**

Tidwell also admitted he thought he was beaten by Hayes Jones of Eastern Michigan in the 220 low hurdles, an opinion not shared by many who saw the race.

"I could almost feel it," Tidwell told Earl Morey of the Lawrence Daily Journal-World. "He won, I'm sure of that. I could tell."

### Mile Now A 220?

Oklahoma miler Gail Hodgson, the Big 8's big hope in the event, had some interesting comments on the race for the Daily Oklahoman's Volney Meece.

"We got a good pace the first half but then it slowed badly in the third lap. At the end, I had my kick all right but it was MY kick and it's not enough.

"The mile today is all in that last 220. It's just who can get out and kick the most in that last 220. I just wish I had some speed. A guy's born with that. It's something you can't develop."

All who saw the race will attest that Oregon's Jim Grelle, who "kicked" home by a good margin in the last 220 yards, certainly has that speed.

## Gas Housers Tongues Still Sharp As Ever

St. Louis (AP) — The Gas Housers would rather not run and they aren't anxious to throw but they proved their tongues are as sharp as ever in reliving their 1934 World Series victory Wednesday.

The fabled St. Louis Cardinals gang couldn't resist the sharp jibes and kidded themselves as much as their teammates while movies of their series victory over the Detroit Tigers were being shown.

"Look at those legs," said Frankie Frisch, gazing on a picture of himself at bat. The Dutchman, 37 that season, managed that swaggering, brawling crew.

**"Aw come on Frank, run," yelled one Gashouser as Frisch was thrown out stealing.**

"There goes Dean, using his head again," said another as movies were shown of Dizzy Dean breaking up a double play by getting his head in the way of the ball.

A chorus of groans broke out as Ernie Orsatti was shown hit by a pitched ball.

**Fifteen of the 22 living members of the storied 1934 team are here for 25th anniversary festivities. They will don replicas of their '34 uniforms.**

"They must have took the uniforms of me and Paul together to make mine," said Jerome (Dizzy) Dean—a legend all by himself. Dizzy weighs 225 now, quite a bit more than he did in winning 30 games for the '34 club.

**Joe (Ducky) Medwick, youngest man on the '34 club, has added few pounds and could pass for a present-day veteran player. Others are white-haired.**

Almost all of the old pitching staff was on hand—Jess Haines, Bill Walker, Tex Carleton, Jim Mooney and Bill Hallahan, plus both Deans. Rip Collins, Spud Davis and Coach Buzzy Wares were there.

Lippy Leo Durocher—the gang's fiery shortstop—couldn't make it because of recent surgery for removal of kidney stones.

# Swede Challenger Calm As Title Match Nears

Grossinger, N.Y. (AP)—Ingemar Johansson is as calm as a Swede sliding up to a smorgasboard. If he is worried about his June 25 title fight with heavyweight champion Floyd Patterson, it doesn't show.

The handsome challenger loafed in his plush headquarters before driving about a half-mile to the training ring where he is preparing for his most important fight.

"Patterson looked much better to me in Helsinki (1952 Olympics where Patterson won the middleweight title) than he did against Brian London in Indianapolis," he said. "I prefer a stand up fighter rather than a croucher. In the Olympics, he was a stand up fighter. He was so fast that nobody could see his punches.

"From what I saw in Indinapolis he is not as fast anymore. Maybe it is that style they say his manager taught him. Whatever it is, I think he looked better 7 years ago."

"If he is so good at knocking out men, why didn't he knock out Roy Harris and London easier. It is a hard thing to take on a new man you haven't fought and knock him out. It is easy to knock out men you fight every day."

### Former World Champs Watch Ingy Work Out

Grossinger, N.Y. (AP)—Four former world champions saw Ingemar Johansson go through one of his typical workouts Wednesday in preparation for his title fight with Floyd Patterson June 25.

Jimmy Braddock and Gus Lesnevich said the one major fault that they noticed in Johansson's style was his tendency to drop his left hand.

Jersey Joe Walcott said he thought Johansson was a good all-round fighter. The other ringside observer was Barney Ross.

### Bet $10,000 On Swede

New York (AP) — Betting on the Floyd Patterson-Ingemar Johansson fight June 25 has started slowly, but there were reports Wednesday that two separate $10,000 bets have already been made on the Swedish challenger.

### Floyd Goes Down

Chatham, N.J. (AP)—Floyd Patterson, world heavyweight boxing king, slipped to one knee Wednesday during a rugged workout with Lou Jones,

## Lopez Thinks Tigers AL's Strongest Club

New York (AP)—Manager Al Lopez of the Chicago White Sox tabs the 3rd place Detroit Tigers as the strongest club in the American League.

"Those Tigers are really hot right now," Lopez said before the second-place White Sox' second meeting of the current 3-game series with the New York Yankees. "Jimmy (Dykes) really has them all hopped up. They're getting good hitting and good pitching. You can't beat that combination.

Lopez

"A fellow who has been with both the Cleveland and Detroit clubs told me he thought the Indians had the best pitching staff in the league. I don't agree with him; I think Detroit has the best staff."

Despite the bouquets for the Tigers, Lopez still believes his team will beat them, as well as the Indians and Yankees for the pennant.

"Our club hasn't played its best ball yet," he said. "We were the best team in the league in the last half of last season and we have practically the same team.

"We've been extremely fortunate to stay up as close as we are. The fellows haven't been hitting. That is, all except Nellie Fox, Luis Aparicio and Bubba Phillips.

**"What has saved us is the fact that we've been able to get key hits to win ball games. Al Smith, for instance, is hitting only .235 but he won 3 games for us with big hits. I can recall 3 games that Jim Landis won for us with a base hit and he's hitting .230. The same for Earl Torgeson. He's hitting under .270, but he's won 4 or 5 games with a big hit in the 8th or 9th innings."**

Lopez, who at the start of the season thought the pitching staff was the strongest since he took over the White Sox management in 1957, now is seeking another hurler.

"We've only got 9 pitchers," he explained. "I like to have 10. I'm going to get another within a week or 10 days. I don't care whether he's a starter or a relief man."

### Althea Denies Rumors She'll Organize Pros

London (AP) — Althea Gibson, reigning Wimbledon women's singles champion, denies rumors she's thinking of setting up a professional lawn tennis circus in opposition to Jack Kramer.

"It is nonsense," she replied when newsmen asked her about talk she was thinking of setting up a rival pro circus.

"And it's nonsense again to suggest I'm going to offer Alex Olmedo $150,000 to turn professional for me.

"I am an amateur. How could I afford money like that?"

### Akins Upset Victim

Miami Beach, Fla. (AP)—Luis Manuel Rodriguez, a young import from Cuba, scored a unanimous decision over former welterweight champion Virgil Akins in a 10-round nationally-televised fight Wednesday night.

## 10-Run Inning Aids Standard Reliance, 16-4

Standard Reliance scored 10 runs in the 4th inning on only one hit—a grand slam homer by Rich Hill—to score a 16-4 victory over Prairie Maid in the Elks League Wednesday night.

Loser Gary Lindholm, who had tied the game 2-2 with a towering homer in the bottom of the 3rd, gave up 4 walks, the home run to West and hit a batter in the 4th before being relieved by Roger Kapke, who fared little better.

Jim Munford got the victory for Standard Reliance. It was the first game of the season for both clubs.

## Fish Bill For Guests Is Revised

The Legislature made some refinements Wednesday in a pending bill designed to let an individual or his guest fish without a license in any waters entirely privately owned and privately stocked.

The changes had the approval of the State Game Commission.

The bill involved, LB691, was introduced at the request of Sen. Marvin Lautenschlager of Grand Island.

Lautenschlager won adoption Wednesday of an amendment which specifies that private ponds defined in the bill shall be those not connected with public waters and those in which commercial fishing is not offered.

Another amendment by Sen. Joseph Vosoba of Wilber prescribed that a person catching private fish without a license under the privilege offered by the bill would need a written statement from the pond owner before transporting the fish away from the area. Game wardens then would know that the fish were legally taken without a license.

## Bedfast Stokes One Year Older

Cincinnati (AP) — Maurice Stokes was 26 years old Wednesday. There wasn't much of a celebration.

The big guy lies immobile in a bed at Christ Hospital, inching toward recovery.

**Before illness hit, he was Maurice the magnificent, Maurice the quick, husky, superbly conditioned pro basketball leader—ace rebounder for the Cincinnati Royals.**

Washington (AP) — President Eisenhower Wednesday chided the International Olympic Committee for its failure to accept Chinese Nationalist athletes as representatives of the Republic of China.

# Neeman Hit Sparks Cubs To 5-2 Win

Chicago (AP) — Catcher Cal Neeman hit an inside-the-park home run in the 8th inning Wednesday breaking a 2-2 tie and giving the Chicago Cubs a 5-2 victory over the Pittsburgh Pirates.

With two out in the 8th, Ernie Banks lined his 3rd single to left and took second when Bob Skinner fumbled the recovery. Bobby Thomson was intentionally passed before Neeman's liner rolled past Skinner and bounced to the left field fence. Neeman was nearing 3rd as shortstop Dick Groat finally retrieved the ball. He beat the relay to the plate gasily.

It marked the 4th time in as many attempts that the Cubs defeated Harvey Haddix, who suffered his 5th setback among 9 decisions. Going the distance for the 7th time in 12 starts, Haddix yielded 11 hits and fanned 8. He walked only two, one intentionally.

### New Headquarters

New York (AP)—The United States Olympic Assn., Inc., has purchased a 6-story house originally built for financier J. P. Morgan and will move its headquarters there sometime this fall. The fireproof structure is at 57 Park Avenue, between 37th and 38th streets.

# Giants' Barrage Clubs Reds 7-5

San Francisco (AP)—An 11-hit San Francisco attack, including homers by Jim Davenport and Daryl Spencer, hauled the Giants to a 7-5 triumph over the Cincinnati Reds Wednesday afternoon.

Lefthander Johnny Antonelli notched his 10th victory against 3 losses but needed help from reliever Sam Jones in the 8th.

Pete Whisenant opened that frame with a 365-foot homer into the left field bleachers, spelling the end of Antonelli.

Johnny Temple then hit a bases-empty homer off Jones in the 9th.

Orlando Pena, who blanked the second-place Giants in his previous start against them, found rough going and drew his 6th loss of the year. He has won 3. The victory evened the series at one each.

Three walks by Pena set up a 5-run 6th inning as the Giants broke a 2-2 deadlock.

Hobie Landrith and Andre Rodgers drew passes to open the frame. Davenport singled in one run with a drive to left. Willie Mays then walked to fill the bases, and Tom Acker relieved Pena.

Willie Kirkland rapped a single to left, scoring two runs. Another run scored when 3rd baseman Frank Thomas let the throw-in roll to the stands. Orlando Cepeda's single, only the 3rd hit of the inning, drove in the 5th run.

## Resolution Asks State Make Study

The Nebraska Legislature was asked Wednesday to authorize a between-session study "of trends, progress and potentials in the general field of outdoor recreation and the associated tourist industry" in the state.

Sen. William Moulton of Omaha sponsored the resolution, No. 48. The names of Sens. George Syas and William Skarda of Omaha, George Gerdes of Alliance and Stanley Portsche of Lincoln were added as co-introducers.

Nebraska is richly endowed with opportunities for outdoor recreation and is blessed with undeveloped sites holding historic interest, the resolution noted.

Providing goods and services for tourists "is becoming one of our state's major industries," it noted.

"Sound development of an increased tourist industry together with accompanying opportunities for outdoor recreation offers one of the surest means to diversify and strengthen the state's economic future," it added.

# Golfers To Get Break

New York (AP) — Next year golfers will get a better break under the rules on balls hit out of bounds, unplayable and lost.

The U.S. Golf Assn., which governs the sport, announced relaxation of these penalties on a one-year trial basis, starting Jan. 1, 1960.

Here is how the new rules will work:

1. Out of bounds. At present, the penalty is stroke and distance. Next year, loss of distance only.

2. Lost ball. At present, stroke and distance. Next year, loss of distance only.

3. Unplayable lie. At present, an option of stroke and distance or a redrop behind the unplayable position for a two-stroke penalty. Next year, the option will be stroke and distance or a drop behind the unplayable position for a one-stroke penalty. However, if the ball is unplayable in a bunker it must be dropped in the bunker.

The penalty for a ball hit into a water hazard — one stroke penalty without loss of distance—remains unchanged.

From late April through October, the south edge of Arlington Park racetrack is the home grounds for Little League baseball players in Chicago's northwest suburban areas.

## Erskine On TV

Hollywood (AP)—Pitcher Carl Erskine, who has just retired from the Los Angeles Dodgers, will be featured in a half-hour weekly television show, it was announced Wednesday.

Erskine will interview baseball figures and present instructions in baseball play. The show will deal mainly with youth.

# 4-Year Legislature Term Bill Out

A bill to extend the terms of state senators from two to 4 years was abandoned by the Legislature Wednesday.

Sen. John Cooper of Humboldt received Unicameral permission to withdraw his 4-year, staggered term bill, LB126.

Still alive, however, is LB624, introduced by Sen. George Syas of Omaha, which in Amended form would submit to the voters next year a constitutional amendment to increase the pay of legislators to $200 a month, or $2,400 a year. They now receive $872 a year.

Sen. Cooper told the legislature the attorney general's office has reported that it would not be feasible to submit to voters two separate pay and the other to provide 4-year terms.

Cooper proposed initially to wrap up both proposals in LB624 but when objections were voiced, abandoned the 4-year term idea altogether.

Sen. George Fulton of Beatrice predicted that the $200 a month pay proposal "will be badly defeated again" by the voters. He recommended a pay figure of $1,500 a year, or one-half of the revised pay of the lieutenant governor.

Voters last November defeated a proposal to double the present pay of legislators.

## Pioneer Housing Corp. Names 5 Committees

The Pioneer Housing Corp. board of directors named chairmen and members for the corporation's 5 committees.

Committee chairmen named were: Velma Hodder, building committee; Selma Hult, membership committee; Gaylord L. Blanc, site committee; Irene Dunigan, publicity committee; and Dr. Janet Palmer, finance committee.

Purpose of the corporation is to promote a downtown apartment building to be built and financed on a cooperative basis for Lincoln's senior citizens.

## Cornhusker Scout Official Miller To Take Joplin Post

Richard F. Miller, assistant executive for the Cornhusker Council of the Boy Scouts, has resigned to become executive of the Mo-Kan Council in Joplin, Mo.

Miller's resignation was accepted at a Council executive board meeting which also reviewed fund-raising plans for 1959. Charles Watts of Lincoln will head a fund raising drive in 60 non-community chest towns in the Council area.

The Board also approved a plan to participate in an international program in 1960. From 4 to 8 foreign Scouts will be assigned to the Council.

## 'South-Of-The-Platte Fight Not Over'

Minden, Neb. (UPI)—J. R. McBride, Minden, member of the state's Advisory Highway Commission, has indicated to South Platte United members of Commerce officials that the fight for a south-of-the-Platte location for the interstate highway is not over.

The Highway Commission recently voted for a northern route instead of the southern route advocated by McBride and the SPUCC for the interstate between Doniphan and North Platte.

**However, McBride said there was a good chance the commission will reverse itself and recommend the south route.**

He said 3 commission members had pledged their votes to him and one member apparently changed his vote at the last minute or became confused. The commission vote was secret, he said.

He said he planned to ask for another vote at the next commission meeting.

McBride said no survey of the south route has ever been made. He questioned whether aerial photographs ever were made of the route, "since no one has ever seen them."

## Wheel Trouble Slows Oregon Trail Wagons

Farson, Wyo. (AP) — Wheel trouble slowed the Oregon Centennial wagon train as it neared the continental divide in Wyoming Wednesday.

A report from the train as it camped about 30 miles north of here said hot weather was drying and loosening the wooden wheels of the covered wagons.

The train carries equipment for making necessary repairs.

The train, retracing the old Oregon Trail from Missouri to Oregon, is due to reach Farson Thursday.

## Compromise Airport Bill Sent To Ike

Washington (AP)—The Senate and House Wednesday passed and sent to the White House a compromise two-year, extension of federal aid for airport development, cut down to $126 million.

Democrats had fought earlier for a costlier and longer program. But they yielded in the face of veto threats and agreed to the extension at the rate of $63 million a year.

The Senate passed the measure by voice vote a few hours after the House approved it by a 164-37 standing vote.

Previously the House had voted a 4-year $297 million extension and the Senate a 4-year $465 million bill.

The present program expires at the end of this month.

# Legislature Cost: $4.90 A Minute

The Legislature spent $196.00 worth of time—according to estimates by Sen. Don Thompson—in a futile attempt to revive the lottery bill Wednesday.

Sen. Thompson reminded his colleagues that best estimates indicate it costs about $4.90 a minute for the Legislature to be in session. Lottery bill debate lasted 40 minutes.

Sen. Hal Bridenbaugh of Dakota City reminded that the bill, if passed, would cost the state more than $30,000.

LB611 proposed a vote next year on a constitutional amendment authorizing certain lottery and gift enterprises, such as box top contests and magazine contests. Nebraska and New Jersey are the only states which ban many of these contests.

LB611 had failed by one vote to receive the 26 needed for final passage earlier this week.

On the final showdown, LB611 again received only 25 favorable votes, 16 in opposition.

At one point Sen. George Fulton of Beatrice, an advocate of legalized dog race betting, moved to return the bill to select file for a dog racing amendment. He needed 22 afirmative votes but received only 17.

Thompson calculated that the 1957 session cost $1,763 per day and that the current session will cost about $2,030 per day, or $4.90 a minute.

Sen. Hans Jensen of Aurora called attention to "mistakes earlier in the session" and said "the recount is the reason we're still here," referring to the gubernatorial vote recount which occupied the Legislature during its early weeks.

## Safety Poster Winners Listed

# Staters To Share Non-Political Fun

An enthusiastic crowd of Cornhusker Boys's Staters welcomed Girls' State Governor Judy Brumm of Lincoln to their assembly at the Activities Building, University of Nebraska Ag Campus Wednesday.

The 327 wildly applauding boys heard Miss Brumm extend the traditional invitation to the dance with Girls' State to be held Thursday at 7 p.m. in the Student Union Ballroom at the city campus.

Miss Brumm also told the boys she hoped that they were as grateful as she for the opportunity to attend the week-long sessions.

**"It has been a tremendously inspiring lesson in democracy and self-government," Miss Brumm said.**

Appearing with her on the program were Lt. Governor Karen Leach of Ord, Sec. of State Shirley Johnson of Omaha, and Chief Justice of the Supreme Court, Ann Savidge of Omaha.

Boys State officials noted it was the first time attendance at an afternoon assembly had been perfect.

**In Session**

In other business, the Boys State Legislature and Supreme Court were in session. Some 10 bills and resolutions were introduced into the Legislature including a bill to lower the voting age to 18 and one to exempt homesteads valued at $5,000 from taxation.

The legislature passed one resolution with dispatch. It voted to allow the boys to wear either their Boys' State T-shirts or sport shirts to the dance—shattering a 10-year tradition.

Thursday the boys will tour Lincoln Air Force Base in the afternoon before the dance.

## Two Graduates Claim Diplomas 30 Years Late

Fremont, Neb. (AP) — Two Fremont High School graduates who left school 30 years ago, claimed their diplomas at a class reunion this year.

They are Harry Head of Pasadena, Calif., and Lester Christensen of Fremont.

Head told Gerald W. Meyer, principal, he left Fremont during the second semester of his senior year, but he thought he might have enough credits for a diploma. Meyer checked up and found that Head did have ample credits, so he issued a diploma.

While Meyer and Head were checking through a group of unclaimed diplomas, Christensen saw his in the pile. He said he had gone to work a few days before graduation and had forgotten to return to pick up his diploma.

## Girls' State Officers Learn Their Duties

Cornhusker Girls' Staters held a lively discussion with Nebraska Secreary of State Frank Marsh Wednesday afternoon concerning the duties of state appointive officer.

Marsh acted as chairman of the discussion and answered questions from the 300 girls taking part in the week-long lessons in self government held on the University of Nebraska city campus.

Also appearing on the afternoon program was Lancaster County Judge Herbert Ronin. Ronin spoke on the connection between county and state government.

Thursday, the girls will hear an address by University Chancellor Clifford Hardin before assembling for tours of the State Historical Society, Mueller Planetarium and Morrill Hall Museum.

The traditional Boy's State-Girl's State dance is Thursday night.

## Stan Delaplane's POSTCARD

"Please forward short biography." That is the word from a publisher who will publish a short biography on a dust jacket.

It is almost impossible for me to write a short biography. Because my biography has been growing with the years. However, we will try.

"His early years were spent in exotic foreign ports and on the seven seas."

That is a good line. It is like most of the material I read on the back of dust jackets. The fugitive from the exotic ports is shown in half profile. The picture is tilted and he is smoking a pipe.

☆ ☆ ☆

This is a true biography. I will not make up a word of it. I spent early years in exotic foreign ports—between San Francisco and Panama.

Most of the ports were so exotic, you could smell them 50 miles offshore. They did not smell like Chanel No. 5.

**The exotic foreign ladies pushed off in dugout canoes when we came in sight. They called exotic invitations to us:**

**"Do laundry, Joe?"**

**"You buy souvenir, Joe?"**

I shined brass and caught an exotic itch in Honduras.

However, this is a short biography. I do not have time to go beyond the simple statement: "Exotic ports." That is a good line and I will keep it in.

☆ ☆ ☆

Let me see, "He was a war correspondent." That is Richard Harding Davis stuff. Trench coats. Foreign intrigue. The long, sleek, black limousine on a street in Cairo and the veiled Countess beckoning. "Come!"

I corresponded from a muddy town in the Philippines. We slept in the post-office and traded with the natives for coconut beer.

Once I sat at a briefing where the officer said: "The enemy casualties number 7001."

All the correspondents cried: "You CAN'T make it a round figure plus one. Nobody would believe it. It makes us look foolish."

So they agreed to make it 7014—or some such other foolish number.

Shortly thereafter I met a man who ran a small ship that carried nothing but beer. I transferred to this ship. It was the most successful corresponding I ever did. I never understood the war, anyway.

☆ ☆ ☆

A dust-jacket man is in tune with Nature. That is absolutely a must on a jacket. "He now spends his time writing and cultivating his garden."

**My hobby is gardening. The way to indulge this hobby is to hire a gardener. His hobby is clobbering you $35 a week to do the hobby work.**

**He gardens. I polish epigrams to put on dust jackets to put around a book to bring in $35 to give the gardener to do my hobby work. It is complicated.**

It is a good biography and mainly true. It will make the book pretty. After a couple of months, the jacket gets torn at the edges. Then you throw it away. A pity, with such colorful material.

## High School Driver Pupils Hit Record

Record number of Nebraska high school students completed driver education courses during the past year, State Education Commissioner Freeman Decker reported.

The number has increased steadily for the past 3 years: 5,974 in 1958-59, 5,731 in 1957-58, and 5,183 in 1956-57, Decker reported.

The summary is part of the 10th annual national survey conducted by the Association of Casualty and Surety Companies in cooperation with State Departments of education.

The number of Nebraska public schools offering the complete course of both classroom and driving experience, however, dropped to 130 from 141 in 1957-58 and 142 in 1956-57.

The classroom phase only was taught to 419 students in 28 schools last year compared to 602 students in 22 schools in 1957-58, and 1,596 students in 62 schools in 1956-57.

In addition, 243 adults were given driving education by 17 public schools last year. Several schools are also offering summer programs to both students and adults.

Two non-public high schools offer the complete driver education course.

Decker said driver education is normally taught as a fifth or sixth subject in addition to the traditional 4 carried by most students.

Of the schools not having driver education, 89 listed "lack of qualified instructor" as the reason. Lack of district funds and inability to borrow a car from a dealer were also given as reasons.

There were 429 public and 52 non-public high schools in opeation in Nebraska last year.

## 350 At Barber Shop Quartet Sing

About 350 people attended a musical concert sponsored by the SPEBSQSA at the Pinewood Bowl.

Three barbershop quartets and two choruses participated in the program.

Appearing were the Midlanders, from Omaha, and the Lamplighters and the Barb-O-Links, from Lincoln. Choruses representing the Lincoln Corninusker Chapter and the Omaha Ak-Sar-Ben Chapter participated in the songfest.

## Worker Dies When Church Arch Topples

Valentine, Neb. (AP) — Delano Hughes, Valentine construction worker about 21 years of age, was killed when he was struck by a falling wooden arch at the construction site of the new Catholic Church here.

Cherry County Sheriff George Welker said 7 of 8 employes of the Fricke Construction Co., Alliance, were inside the skeleton of the building when a sudden wind came up blowing dust about them and cutting down visibility. The Weather Bureau later said the wind was about 50 miles per hour at that time.

**Shouted Warning**

Workmen could not see the laminated wooden arches or beams starting to give way, but they heard them start to crack and shouted a warning. The workmen started to run to safety as the arches sheared off at the base, but Hughes, the last workman to leave, was struck by the last beam. His head was crushed.

The new church is a 100 by 50 foot structure.

Hughes was unmarried.

### Nebraska Deaths

**William H. Wisda**

Lexington—Funeral services were held at the First Presbyterian Church here for William H. Wisda, a retired hardware merchant who had lived here 54 years. Burial was in the Ord Cemetery.

## Kansan's Body Is Recovered From Reservoir

Alma, Neb. (AP) — The body of Bernal Campbell, 21, Smith Center, Kan., who drowned in a fishing accident at the Harlan County Reservoir Saturday, was recovered Wednesday.

Kenneth Albright and Orly Stolts, employes of the Crops of Engineers, recovered the body by dragging the reservoir.

**William Fraser, reservoir manager, said the body apparently had lodged in a crevice of ledge in the reservoir walls.**

Campbell and 3 other Smith Center men were fishing at the reservoir Saturday. Campbell drowned when he swam out after a raft which had broken loose from its moorings. The other 3 were on the shore.

Fraser said the body was recovered near the east shore of the mouth of Patterson Harbor. Patterson Harbor is on the south side of the reservoir just west of the dam.

## Peru Summer School Enrollment Hits 387

Peru, Neb.—Enrollment for the 8-week regular summer session at Peru State Teachers College stands at 387 resident students, according to Registrar F. H. Larson. Of that number 51 are enrolled in graduate study courses.

## Intersection Crash Claims Omahan's Life

Omaha (AP)—Joe Prochaska, 51, of Omaha, driving a Goodrich Dairy route truck, was fatally injured in a truck-car collision at the intersection of 50th Avenue and U streets in Omaha shortly before noon Wednesday.

Patrolman Fred Stevens said Prochaska's truck and a car driven by John M. Hiatt, 20, Omaha, collided and the truck overturned pinning Prochaska underneath the vehicle. He was reported dead on arrival at a hospital.

Hiatt and a passenger in his car had minor injuries only. The Hiatt car plunged into a ditch but remained upright.

Prochaska's death was Nebraksa's 132nd highway fatality of 1959, compared with 127 at this time last year.

## Deposits, Loans Climb At Omaha

Omaha (AP) — Omaha banks are showing increases in deposits and loans.

As of June 10, Omaha banks had deposits of $506,394,032, an increase of 2% over the June 23 call of a year ago.

Loans totaled $260,046,842, a boost of 18.7% from June 23, 1958.

Bankers said these figures reflected the "extreme use of money" and the results of deficit spending.

## Cramer Elected Head Of Citizens Education Group

Columbus, Neb. (AP) — The Nebraska Lay Citizens Education Committee has elected former State Sen. Glenn Cramer of Albion as president.

**Nebraska News**

Cramer

Outlined as immediate objectives were the organization of county or community lay groups throughout the state, and expansion of present membership.

Other officers include Mrs. Wesley Huenefeld, Aurora, secretary, and Mrs. Harry Schneiderwind, Omaha, treasurer.

On the executive committee are the officers and Lester Schnase of Maywood, Mrs. A. E. Koester of Alliance, and the Rev. Carroll Lemon of Lincoln.

## Rat Not Rabid, Tests Indicate

Thayer, Neb. (UPI) — Doctors advised Mr. and Mrs. Darryl (Mike) Hunt that a rat which bit their son on the finger was not rabid.

The rodent was picked up by the boy while he was playing. It was sent to Lincoln for examination for both rabies and cholera, and authorities reported back that both tests were negative.

## $150,000 Grant Given

### ...Hastings College

Hastings, Neb. (UPI)—A grant of about $150,000 to Hastings College was announced by J. M. McDonald Jr., president of the J. M. McDonald Foundation, Inc.

The money will be used toward construction of a classroom and administration building.

McDonald said that in making the grant, the foundation was continuing its participation in primary construction for educational institutions.

**NOTICE TO BUYERS OF USED CARS**

# Suffering Patient Said Best Medical Progress Judge

"The progress of medicine must be judged from the point of the suffering patient," a well-known Omaha personality and instructor in the department of speech at Duchesne College said Wednesday in Lincoln.

"And great progress has been made in alleviating suffering, especially through the use of anesthesia in surgery," Mrs. John J. Jessie, Omaha housewife and well-known book reviewer told more than 100 attending the 52nd annual meeting of the Nebraska Tuberculosis Assn.

**Book Reviewed**

Mrs. Jessie, speaking on the book—"The Century of the Surgeon"—said that men must continue to find new ways of eliminating suffering.

The first day of a 2-day meeting featured a panel discussion on public health, moderated by William T. Utley of the University of Omaha. Panel members were E. A. Rogers, M.D., director of the State Department of Health; E. D. Lyman, M.D., director of the Omaha-Douglas County Health Dept.; Carl Potthof, M.D., University of Nebraska College of Medicine; Fay Smith, M.D., past president of the Nebraska State Medical Society; and John Thompson, Ph.D., president of the Nebraska Public Health Assn.

**Rosenlof Speaks**

Dr. George W. Rosenlof of the University of Nebraska Teachers College spoke at the evening banquet.

Thursday, Dr. Donald L. Paulson of Dallas, Tex., will highlight the program with an address on "The Challenge of Respiratory Diseases." New NTA officers will be elected in the afternoon.

The Nebraska Trudeau Society, meeting in conjunction with the NTA, heard Dr. Paulson speak Wednesday morning on "The Detection of Bronchogenic Carcinoma in an Early Phase."

# Steel Talks Gain Steam

New York (UPI) — Both industry and union representatives indicated Wednesday a desire to get down to business in negotiations aimed at averting a nation-wide steel strike at midnight June 30.

David J. McDonald, president of the United Steelworkers of America, and R. Conrad Cooper, management's chief negotiator, showed a more friendly attitude than usual at a news conference held shortly after they had submitted a "progress report" to company and local union representatives.

Cooper said it was "good news" that a procedural issue, which had been blocking negotiations, had been resolved on a mutually satisfactory basis.

In Washington, meanwhile, President Eisenhower rejected at his news conference suggestions that he call representatives of both sides to the White House in an effort to help them reach a settlement.

# DAVE BECK IS INDICTED

New York (UPI) — A federal grand jury Wednesday indicted ex-teamsters boss Dave Beck on charges of illegally accepting $200,000 from two trucking companies. In an unusual move, the jury also charged the companies with violating the law by giving Beck money.

Named with Beck in an indictment stemming from a congressional investigation of labor-management relations were Roy Fruehauf, president of the Fruehauf Trailer Co., and Burge Seymour, president of Associated Transport, Inc.

Both companies also were named, along with Associated Transport's subsidiary Brown Equipment & Manufacturing Co.

The indictment charged that Beck approached the company officials in New York in June, 1954, and asked them for $200,000. The men gave Beck the money on the same day without ever asking why he wanted it, the indictment said.

## 5 Children Die In Slum Area Fire

Chicago (UPI) — Five children died Wednesday in flames which swept a slum apartment building described as a "firetrap" and a "catacomb."

Three dead brothers were found crushed under a collapsed ceiling in a 4th floor apartment. A brother and sister perished in a 3rd floor room.

Officials said the 4-story, brick building had been cited for 141 fire, building and health code violations. The 82 apartments housed 300 persons and were managed by a 17-year-old boy who lived on the premises.

# Brothers' Career In Crime At An End

### . . . One Dead; Other Faces Murder Charge

Middleboro, Mass. (UPI)—The notorious Coyle brothers of Philadelphia lost their war with society Wednesday in a 90-second gun battle in which the younger brother was fatally wounded.

Forty rounds of police ammunition were fired into a thicket on the fringe of a cranberry bog. Ten of them riddled the body of William Coyle, 22, named by his brother as killer of a Philadelphia policeman.

His brother John, 24, calmly surrendered. As police stripped and searched him on the spot, John said, "You can't win 'em all."

Then he watched his kid brother being carried away on a stretcher to St. Luke's Hospital where he died on the operating table 90 minutes later.

The surrender came nearly 48 hours after the brothers had robbed a package store of $50 and retreated to their woodland hideout with the loot.

The list of crimes charged to the brothers reads like a bad dream. State Police Lt. Michael Cullinane said John told him they had vowed to "shoot anyone who gets in our way."

Police said they were wanted for a Dec. 26 supermarket holdup in Buzzards Bay in which two employes were wounded and $900 was seized; for a kidnap robbery in Philadelphia April 3; shooting the policeman June 4; kidnaping William Sedgwick, 48, of Philadelphia June 6; and the package store robbery here.

## U.S. May Income Hits Record High

Washington (AP) — Personal income of Americans hit a record high in May, reaching an annual rate of $376 billion as figured by the Commerce Department.

Another record announced Wednesday by the department:

For the first 5 months of 1959, personal income was at an annual rate of $369.5 billion—20 billions more than in the same period last year and 25 billions more than in the first 5 months of 1957.

The Commerce Department said the gain from a year ago was real, for the most part. It said the public's buying power went up significantly as retail prices climbed only fractionally.

## County Purchase Requires No Vote

Kimball County Commissioners need not submit to the voters a proopsal to buy 3 workshops for county equipment, the attorney general ruled.

Kimball County Atty. Thomas D. Brower, Kimball, had presented the question along with several others for an opinion.

He said the cost of each building was less than $10,000 but the aggregate cost is about $26,000.

The ruling said the revenue for purchasing or constructing such buildings cannot be raised by special levy.

## Lincolnite Fined $10 For Disturbance

Gloyd W. Gordon of 1801 Otoe was found guilty of a disturbing the peace charge Wednesday in County Court and fined $10 by Judge Herbert A. Ronin.

Gordon, 53, had pleaded innocent.

The charge was filed after he was arrested by Dep. Sheriff Robert Lane the night of May 25. Lane said Gordon had been driving by his (Lane's) house at 2821 A and causing a disturbance.

## More Hearings On Mid-State Start Tuesday

Washington (AP)—The House Interior Reclamation Subcommittee will hold further hearings on Nebraska's Mid-State project on Tuesday.

Chairman Walter Rogers (D-Tex) of the Committee said Army Engineers and Fish and Wildlife Service representatives will testify.

The House committee held two days of hearings on proposals to authorize the multi-million-dollar project late in April and a one-day session also was held before the similar Senate subcommittee.

## Dog Racing Urged By Omahans

A circular urging legalized dog racing was handed out to legislators by the Near North Side Civic & Commercial Club of Omaha.

The statement said the organization proposed to hold the license for greyhound racing in the state, if legalized, and the proceeds would be used for the benefit of the Negro people in Nebraska.

The statement was signed by Peter C. Doss, president; Charles Hall, vice-president, Hezekiah Stewart, secretary, and Daniel Reed Jr., Treasurer.

"The proceeds . . . can go into an educational fund to aid and to build better citizens, and help to stamp out juvenile delinquency, and the general feeling of the Negro that he is not a first class citizen," the statement said.

It proposed a season after th Ak-Sar-Ben races have closed near the first of July to continue through September. It pointed out that during 1958, 40% of all those attending dog racing in South Dakota were from Nebraska.

The ORIGINAL Pabst Blue Ribbon is here!

Compare this beer with any modern beer—and you'll see why Pabst brought back that old time flavor. This is the Original Pabst Blue Ribbon, brewed just like the beer acclaimed the nation's best at the Chicago Columbian Exposition in 1893. Such a beer hasn't been enjoyed in America in over 50 years. Try it.

# Steels Pace Strong Rally

New York (AP) — Steels were pacemakers as the stock market rallied vigorously Wednesday after three straight sessions of quiet decline.

Volume picked up to 2,850,000 shares from 2,440,000 Tuesday.

An estimated 2 1-3 billion dollars was added to the quoted value of stocks listed on the New York Stock Exchange, based on the rise in The Associated Press average.

The advance recouped nearly three quarters of the losses taken in the three losing sessions prior to Wednesday.

Gains by pivotal issues went from fractions to 3 or 4 points. Selected issues made bigger gains.

The AP 60 stock average rose $1.80 to $223.30, a large rise but less than last Wednesday's jump of $2.70. The industrials gained $2.60, the rails $2.10 and the utilities 30 cents.

The Dow Jones industrial average advanced 6.65 to 628.05.

Of 1,193 issues traded, 614 rose and 364 fell. There were 66 new lows for the year and 33 new highs.

Thirteen of the 15 most active stocks advanced, one declined and one was unchanged, Royal Dutch.

Corporate bonds were slightly higher. U.S. government bonds improved in quiet dealings.

Bond sales totaled $5,330,000 par value.

## Grains Suffer A General Setback

Chicago (AP) — The first general setback of the week hit the grain futures market Wednesday, knocking prices of wheat, rye and soybean futures down more than a cent a bushel in spots on the Board of Trade.

Feed grains were narrowly mixed and 1960 crop wheat was strong.

A good deal of the weakness was ascribed to profit taking, a normal reaction after two days of firm to strong prices, but brokers said reports of heavy overnight rainfall in parts of the northern Great Plains had a bearish effect.

The declines in some instances wiped out about half the gains accumulated earlier in the week.

In futures, wheat finished ¾-1⅜ cents a bushel lower on 1959 crop deliveries, July $1.86⅜-½, and the 1960 crop months up 1-1¼ cents; corn ¼ higher to ¼ lower, July $1.26⅜-½; oats ⅛ higher to ½ lower, July new type contract 65¼; rye ⅞-1½ lower, July $1.25⅛-¼, and soybeans ⅝-1⅜ lower, July $2.23⅜-¼.

# Union Airport Gas Flowage Fee Eyed

By Nancy Shirley

The Lincoln Airport Authority, faced with a busy agenda at a special session Wednesday, authorized studies on several problems but delayed final action on most until the regular July meeting.

The Authority authorized Rolland Harr, executive director, to negotiate the possibility of a gas flowage fee at Union Airport.

Harr told the Authority that his study of 221 airports in the country revealed that of this number, 141 now have flowage fees. The Omaha Airport has a 3 cent fee on all gasoline sold, Harr said.

**$5,000 A Year**

If the Authority were to establish a similar 3 cent fee at Lincoln facilities, Harr said, it would bring in $5,000 a year. A 2 cent flowage fee would produce $3,000 in revenue each year, he said.

The Authority also instructed Harr to work with a Lincoln accountant in setting up a new accounting system. Harr termed the present system "obsolete."

Action on the 1959-60 budget for the Authority was delayed until the July 7 meeting. Acting Chairman Charles Stuart said that the budget would take "more work" before it was ready for presentation.

**Harr Authorized**

Harr was also authorized to work with Hoskins and Associates of Lincoln for additional aerial surveys of a possible airport site east of Lincoln. Stuart said that this proposed site was approximately 10 miles east of 13th and O Sts.

Leo Beck Jr., Authority secretary, told the group that the insuranceable value of hangars and operations buildings at Union Airport is $383,000, according to an appraisal by the Lincoln Assn. of Fire and Casualty Underwriters. He said yearly premiums on insurance for the structures would be about $7,000. The group delayed any positive action until further study could be made.

**Firms Represented**

Representatives of 3 Lincoln engineering and architectural companies and one Omaha firm appeared before the Authority. Firms represented were Selmer A. Solheim and Associates, Davis and Wilson, and Hoskins and Associates of Lincoln, and Kirk and Michaels of Omaha.

Stuart told the group of engineers and architects that the Authority is now studying a second runway (north-south) at the Lincoln Air Force Base. This proposed runway, awaiting approval by the Second Air Force and the Strategic Air Command, would supplement runway facilities at the present Lincoln Municipal Airport.

**Continue Study**

He added, however, that the Authority will also continue its study of the site east of the city, and will ask for cost estimates on the project.

A public meeting will be held when both studies are available, Stuart said, to obtain the views of various groups interested in airport facilities.

All members of the Authority were present at the meeting except Chairman Victor Anderson, who plans to return from a European trip the first of July.

## WEATHER AHEAD

Nebraska temperatures will average 3 to 6 degrees above normal for the next 5 days. Warm early in the period, slightly cooler over the weekend. Normal afternoon highs are in low to mid-80s; morning lows normally range from mid-50s west to mid-60s east. Precipitation is expected to average .25 to .50 of an inch occurring as scattered showers and thunderstorms early in the period.

## Actors Criticized

Vienna (AP) — The Hungarian Communist Party paper Nepszabadsag, in an edition received here, denounced Hungarian actors who "hold nocturnal orgies" and regard "little girls asking for autographs as easy prey." It mentioned no names.

## Lowest Bids By Pioneer, Dobson Firms

**. . . Repaving**

Dobson Brothers and Pioneer Paving Co., both Lincoln firms, have submitted low bids on two separate street resurfacing projects.

Dobson Bros. submitted a low bid of $69,768 on a project which includes resurfacing of portions of 8 Lincoln streets. Streets included in the project are: Cotner Blvd. from Holdrege to Y, 27th from Merrill to Fair, 33rd from Holdrege to Y, 33rd from R to O, 16th from A to South, 27th from South to Sheridan Blvd., 48th from O to Randolph, and Normal Blvd. from 33rd to South.

Low bid of $40,592 for resurfacing work on Holdrege from 19th to 48th was submitted by Pioneer Paving Co., a subsidiary of Abel Construction Co.

City Engineer Carl Fisher termed the bids "extremely satisfactory." He said that original cost estimates on the projects totaled $160,800. The low bids totaled $110,360. Fisher said that the bids included only cost of materials, and did not include any allowance for the cost of operation of machinery.

City officials said the resurfacing work would include cleaning and reconditioning of the old surface and the addition of two top layers of asphalt. Contracts specify Sept. 1, 1959, as completion date for the two projects, officials said.
